## Coast's Spring Pilgrimages open Monday at NSTL

The Hancock County Hospitality Center at the intersection of Hwy. 607 and I-10 and the National Space Technology Laboratories will highlight a Mississippi Gulf Coast Council of Garden Clubs annual Spring Pilgrimage tour Monday.

An NSTL exhibit at the Hospitality Center will alert visitors there of the tour also underway at NSTL that day. Pilgrimage visitors to NSTL will see displays and exhibits in the NSTL Visitors Center and view film and slide presentations on the role played by

NASA and NSTL in the American space program.

Dr. Jerry Brown, NSTL education officer, said he will utilize astronaut suits, models of aircraft and spacecraft, a sample of the Space Shuttle's thermal protection system, and other equipment and supplies in a presentation for four participants.

In addition to briefings and demonstrations, rolling tours of the installation will be conducted throughout the day from 10 a.m. to 3 p.m.

Visitors may purchase sandwiches, soup, salad and hot lunches in the NSTL cafeteria from 11 a.m. to 1 p.m.

Sandwiches and canned drinks will be available from 10 a.m. to 2 p.m.

For the past several years, hundreds of visitors have toured NSTL as part of the nationally-recognized pilgrimage of Gulf Coast homes and gardens.

## Two hospitalized in Hancock wrecks

By BRENT MACEY

Two victims of unrelated automobile accidents last weekend in Hancock County are listed in good condition in Gulfport Memorial Hospital.

And a 22-year-old Waveland woman thrown from a jeep in which she was a passenger on Hwy. 607 about 8:30 p.m. Thursday was treated and released at Hancock General Hospital.

Angela D. Ross, 19, of Bay St. Louis is suffering a fractured left leg, multiple face lacerations and a fractured jaw.

Bay St. Louis Police Chief Douglas Williams said the girl was thrown from a car in which she was a passenger at 2:26 a.m. Sunday morning after the vehicle struck a tree on North Beach Boulevard at Bay Oaks Drive.

Williams said witnesses reported Terry M. Oliver, 24, of Bay St. Louis, driver of the car, attempted to pass another car when he apparently lost control, striking the huge oak tree immediately adjacent to the roadway.

The chief said the car traveled approximately 50 feet before coming to rest against a telephone pole on the opposite side of the road.

Oliver was driving under the influence, Williams said.

He was treated and released from Hancock General Hospital the same night.

Steven W. Mitchell, 26, of Prairie, Tex. is listed in good condition in Gulfport Memorial Hospital following an automobile-truck collision early Saturday, March 14.

Mississippi Highway Patrolman Curtis Newman said Mitchell "ran up underneath" an 18-wheel tractor-trailer

parked at east bound scales on I-10.

Driver of the tractor-trailer, Carnice Dunn, 38, of Alabama was sleeping in the cab of the trailer at the time of the accident, the patrolman said.

"Witnesses said that Mitchell had pulled off the highway and back onto the highway after crossing through highway scales in Slidell," Newman said.

"Apparently he tried to pull the same stunt in Mississippi that he had in Slidell," he added.

Newman said Mitchell told him he was looking for a place to sleep when the accident occurred.

Mitchell is suffering from fractures to the right hip and multiple abrasions of the face.

He is charged with no driver's license and failing to yield right-of-way, Newman said.

The jeep driven by Brian K. Ladner of Waveland was struck in the rear by a car driven by Paul J. Scheuermann of Panama City, Fla. Thursday at 8:35 p.m. as Ladner was proceeding east on Hwy. 607 approximately one-half east mile the Super Star Body Shop.

Newman said the jeep was spun around counter-clockwise from the impact and Cindy Ladner, wife of Ladner, was thrown from the vehicle.

She was transported to Hancock General Hospital by car and released later that night.

Scheuermann was released on \$75 bond and faces charges of failing to yield right-of-way.

## Suspect located in murder case

By BRENT MACEY

A "likely suspect" in the murder of Eugene Milton Svoboda, 29, has been apprehended in Franklin, La. by law enforcement officials in that area, Hancock County Sheriff Ronald Peterson said Friday.

Svoboda's body was found alongside Hwy. 43 in Hancock County March 9, wrapped in a quilt, sheet and garbage bags and tied with rope and extension cord.

An autopsy revealed death was caused by a small caliber bullet wound in the base of the skull.

The report indicated Svoboda had been dead several days before being discovered.

Peterson would not give the suspects name but stated close associates know him as "Crazy Larry."

"At this time we can trace the sus-

pect to the Picayune area the night we believe Svoboda was killed," the sheriff said.

"We know he stayed in a motel there March 5 and 6," he added.

Peterson said investigations have revealed the last time Svoboda was seen alive was Friday night, March 6.

"We are speculating now that Svoboda was killed in Picayune," Peterson said.

Originally police felt Svoboda was killed in Louisiana and disposed of in Mississippi.

The investigation, coordinated through the sheriff's department with the Waveland Police Department, Mississippi Highway Patrol, New Orleans Police Department and St. Mary Parish, La. Sheriff's Department in Franklin, has lead Hancock County Investigators into two states, three cities, a New Orleans barroom and low income housing area in Algiers.

The investigation also lead to two major suspects in the killing.

The first suspect, whom Peterson would not identify, was given a polygraph (lie detector) test recently in New Orleans.

"We feel he passed the test," Peterson said.

## Sheriff files arson charge

By WAYNE DUCOMB JR.

The Hancock County Sheriff's Department Saturday arrested a Picayune man in an ongoing investigation of woods arson in the county.

Officials agree that most of the fires which have been ravaging the county, Bay St. Louis, Waveland, Pass Christian and the entire Mississippi Gulf Coast are the work of arsonists.

Mark Skipper, 19, of Route 3, Box 140, Picayune is being held in Hancock County Jail in Bay St. Louis under a \$50,000 bond set by Justice Court Judge Horatio Frierson.

He is charged by the sheriff's department with one count of woods arson.

Sheriff Ronald A. Peterson Saturday reported, "We arrested Skipper after two witnesses allegedly saw him shooting flames out of a pickup truck window into the woods near the Flat Top Community at about 6:30 p.m. Wednesday."

"The witnesses chased the truck in another vehicle and when they caught up with the pickup during an 80-mile-per-hour chase they got the license tag number," Peterson reported.

"The two witnesses then followed the truck to a trailer just inside the Pearl River County line," the sheriff stated.

Peterson noted a third witness is expected to provide a statement also.

Regarding blazes in the Diamondhead Community, Peterson said his office is questioning four youths in that community who might have ignited wood's fires in the area.

Sheriff's Investigator Delbert Seay reported, "The youths were spotted by Diamondhead Security officers in the area where several fires were occurring."

"Those fires are under investigation by our office and Diamondhead

Security and Fire Department," Seay reported.

Peterson speculated, "These fires have gotten so much attention that setting them is like a game to the arsonist."

County Fire Investigator Ed Friloux at Diamondhead Friday said a Wednesday forest fire which began east of the Catahoula Community was driven by high winds across Hwy. 603 just

FIRES—Page 6A

## National alert issued for Hancock fugitives

By WAYNE DUCOMB JR.

A nationwide bulletin has been issued for two Hancock County Jail inmates awaiting transfer to Parchman Penitentiary who escaped early Thursday morning.

County Sheriff Ronald A. Peterson said Friday, "The two sawed out bars on their cell and escaped through a second floor window sometime between 2:30 and 3 a.m. Thursday."

"The subjects should be considered armed and dangerous because both had been convicted of violations involving weapons," Peterson reported.

The two fugitives are Kenneth D. (Tramp) Rawley, 25, of California and Reggie Laneaux, 23, of Bay St. Louis.

A bulletin has been issued nationwide to all law enforcement agencies regarding the escapees via National Crime Information Center.

Rawley was convicted in Hancock County Circuit Court recently and received a 12 year sentence for attempted armed robbery of a Bay St. Louis store manager depositing cash at Gulf National Bank and also three burglaries.

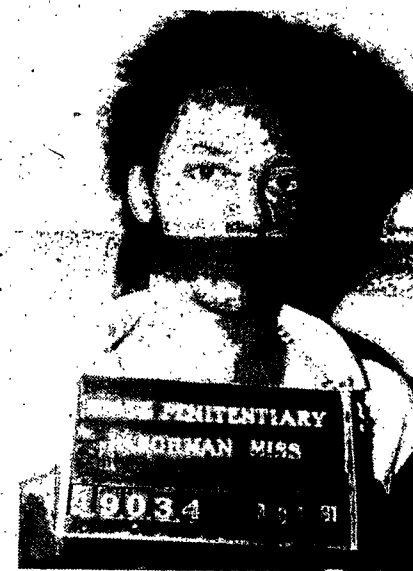

Peterson noted, "We feel Rawley is somewhere in Louisiana because of information received when he telephoned someone locally."

Laneaux recently pled guilty and received a seven-year sentence for burglary and possession of stolen property.

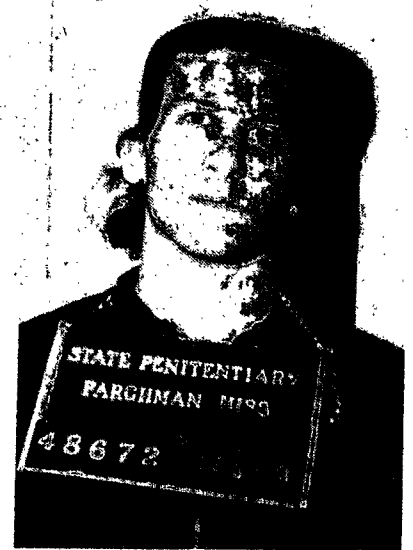

"We have no idea where Laneaux is located," Peterson added.

Laneaux escaped from the jail three months ago, but was returned by Florida authorities after he was arrested in that state for spitting on a sidewalk.

KENNETH RAWLEY

## Forestry offers arson rewards

The Mississippi Forestry Association offers rewards of up to \$500 to individuals who supply information which leads to the arrest and conviction of persons who intentionally set forest fires.

T. W. Hickman Jr. of Brookhaven, association president, feels although dry weather, winds and carelessness have been responsible for the high incidence of forest fires this month, some of these fires have been deliberately set by arsonists.

"Wild fire is the worst enemy of standing timber, the number one provider of manufacturing employment in Mississippi," said Hickman, owner of T. W. Hickman Woodyard in Brookhaven.

In some sections of the state, the reward figure is supplemented by forest products industries operating in the area, with rewards of up to \$1,000 for each arrest and conviction possible.

Any Mississippi resident is eligible to apply for a reward except law enforcement officers, employees of the Mississippi Forestry Commission or employees of other state and federal agencies who would be expected to report such information in the course of their employment.

Names of persons submitting information under the association's forest fire rewards program will be kept secret if desired, Hickman added.

Rewards will not be paid to anyone who in any way participated or was responsible for the fire, he pointed out.

Information may be submitted to Mississippi Forestry Association, 620 North State Street, Jackson; to any county or district office of the Mississippi Forestry Commission; or to any representative of a law enforcement agency.

## Board of Health slates tests

Mississippi Board of Health nurses will conduct free blood pressure tests beginning at 8 a.m. Thursday at the Bay St. Louis Post Office lobby.

Mrs. Mary Wimberley, LPN, of Pass Christian, department spokesman, said Thursday's tests will be the latest in an ongoing hypertension screening program being conducted in Hancock and Harrison counties.

The tests are free, painless and require less than one minute to complete, Wimberley said. She noted the department is still seeking locations to conduct the tests.

Groups, organizations, governmental agencies, businesses, "or anyplace where people congregate" are encouraged to call Mrs. Jean Bell at 452-4888 to schedule a date for testing, Wimberley added.

Wimberley said persons tested whose blood pressure falls above or below the considered safe range are urged to seek medical attention.

## News Briefs

### POSTAL RATE HIKE

The latest postal rate hike became effective at 12:01 a.m. today, raising the cost of mailing a first class letter from 15 cents to 16 cents for the first ounce and 17 cents for each additional ounce. Post card rate is now 12 cents. Bay St. Louis Postmaster Thomas W. Hill said information on the complete new postal rate structure is contained in a special Postal Service bulletin issued March 20 and available at local post offices.

### LEAGUE MEETING

Managers and sponsors of teams participating in the 1981 Bay St. Louis Men's Softball League will meet at 7:30 p.m. Wednesday at Valeria C. Jones gymnasium on Old Spanish Trail. For information, call 467-7339 or 467-8718.

## Fugitive arrested in barroom brawl

By BRENT MACEY

One of two men arrested March 14 in connection with a barroom brawl in the Catahoula Community is being held as a fugitive from Florida.

Hancock County Sheriff Ronald Peterson said Richard Charles Jennings, 40, of Pompano Beach, Fla., is wanted for escaping from the Florida State Correctional Institute approximately six months ago.

He also faces charges of uttering forgery in another part of that state.

Peterson said Jennings and Harold Caliborn Morgan, 36, of the Carriere Community were both arrested at approximately 9:30 p.m. in Prentiss Kennedy's Bar on Hwy. 43 after a fight.

"Jennings fired a .38 cal. revolver at

Morgan, grazing Morgan's head," Peterson said.

"Morgan took the gun away from him and proceeded to pistol beat him with it," the sheriff stated.

Hancock County Sheriff's Department Deputy Fairley Nacaise was called in and made the arrest.

Jennings was treated and released the same night from Hancock General Hospital for face and head lacerations, the sheriff said.

He is charged with possession of a concealed weapon by a convicted felon, discharging a firearm and disturbing the peace.

Morgan, 36, is out on \$175 bond and faces charges of fighting, public drunkenness, and disturbing the peace, Peterson said.

# Four arrested in welfare fraud

By WAYNE DUCOMB JR.

Several persons have been charged with fraud involving Hancock County Welfare Department benefits.

Hollie A. Varnado, 29, of Route 3, Box 426, Picayune (in northwest Hancock County), was arrested by sheriff's deputies at 11:30 a.m. March 18 and charged with food stamp fraud.

Clara Acker, 24, General Delivery, Pearlinton, was arrested by deputies at 5 p.m. March 17 and charged with five counts of food stamp fraud, one count of medical assistance benefit fraud and aid to dependent children fraud.

Ellen M. Williams, 39, of 424 Webster St. in Bay St. Louis was arrested by deputies at 9:08 a.m. March 19 and charged with medical assistance benefit fraud.

Earl J. Cuevas Jr., 41, of Route 3, Box 632 in Bay St. Louis was arrested by deputies at 4:30 p.m. March 10 and charged with five counts of food stamp fraud.

County Prosecuting Attorney John Genin Friday said two more arrests are expected this week for fraud.

"The State Welfare Department recently added a full time investigator, Eric Peterson, in an effort to stop fraudulent use of government benefits," he explained.

## CHARGED IN DELINQUENCY

A Hancock County man was lodged in the county jail Saturday, charged with four counts of contributing to the delinquency of a minor and violation of probation.

Mike Schwall, 30, of Route 3, Box 695, Bay St. Louis on Longfellow Road was arrested on the charges Saturday by the Hancock County Sheriff's Department.

Sheriff Ronald A. Peterson said in accordance with state law regarding parole violations, no bond has been set for the man.

Peterson reported, "Three 14 to 15-year-old boys apparently skipped school Wednesday and went to Schwall's trailer."

"Statements by the youths say Schwall gave the boys some pills—phenobarbital. One of the youths took an overdose and was in the Intensive

Care Unit at Hancock General Hospital in Bay St. Louis for two days," Peterson reported.

The sheriff said the youth is recovering after "almost dying" from the overdose and is now back at home.

"Statements by the boys also report that while they were at Schwall's trailer a 15-year-old girl was passing by on the street and they called her over to the residence," Peterson said.

"The girl also took an overdose of the pills and was treated by a local physician," the sheriff stated.

"The boys allege that after the girl took the pills Schwall put a tattoo on one of the girl's arms," he noted.

Peterson said Schwall obtained the phenobarbital with a doctor's prescription to treat his epileptic seizures.

"We feel he was aware of what he was doing in this case," the sheriff added.

## SPRINGWOOD ARREST

A Springwood Park man was arrested Thursday and charged with possession of stolen property.

Lewis Meyers, 48, P. O. Box 327, Lakeshore, of the Springwood Park Community was charged at 1:02 a.m. Thursday and released on \$2,500 bond.

Sheriff's Investigator Delbert Seay Saturday reported, "Meyers had in his possession four heavy equipment batteries allegedly stolen along with several other items from Steve Knight Fabricators, Inc. at Port Bienville Industrial Park."

"The batteries were recovered from his home in Springwood Park," Seay noted.

## PEARLINGTON MEN CHARGED

Two Pearlinton men were arrested this week by the sheriff's department on warrants issued by the Slidell Police Department regarding a theft in that city.

Everest Brimage, 31, of Pearlinton was arrested Monday and Joseph M. Garvin, 20, also of Pearlinton was apprehended Wednesday.

Seay reported, "Both men were charged with stealing a \$1,500 stereo which they apparently sold to a local resident."

"The two were turned over to Slidell police," the investigator added.

## Correction

The Thursday edition of The Sea Coast Echo incorrectly reported a letter was sent to Billups Petroleum by Walter Gex, attorney for the Board of Supervisors, in connection with improvement of Texas Flat Road. That letter was, in fact, sent to Phillips Petroleum.

In the same report on a Monday supervisors meeting, Louis J. Breau IV's name was spelled incorrectly, and he was inadvertently identified as an employee of United Gas Pipeline Company, when in fact he is employed by Marshall R. Young Oil Company. The Echo apologizes for those errors.

# Bay man shooting for the 'big time'

By BRENT MACEY

A 23-year-old Bay St. Louis resident, just back from a stint in the U.S. Army is setting his civilian sights on hitting it big in the entertainment field.

Singer, dancer, actor Ed McKay of St. Francis Street said he started dancing as a child in the streets of New Orleans.

Since then McKay has continued his love of the entertainment field as teenage member of "The Electrifying Lock-A-Tears" in Bay St. Louis and then as a frequent entertainer in the Army.

McKay, who reenlisted into the Army for a second two year term, recently spent the last six months of duty "totally assigned" to the Army's music theatre program.

"We traveled all over Europe giving performances," McKay said.

Some of those performances included "Raslin," a gospel Broadway hit performed in London, "Carousell," "Bayfoot in the Park," and "The Wiz."

When he was not traveling, McKay entertained on the base at social functions and officers balls, often doing solo song and dance routines which he choreographed himself.

"I try to do everything," McKay said. "Not just pop or disco."

McKay, who describes his voice as both a "fair second tenor and a decent baritone explained the surprise of an audience when he gave a performance ranging from songs by George Gershwin to songs by Oliva Newton John. "Most people don't expect a guy to come out and sing some Gershwin songs," he said.

To an extent McKay is grateful to the Army for what he was able to learn. He studied ballet and tap dancing in Fort Hood, Tex. during his stay there. "The first thing I did was look for dance classes," he said, adding, "I got the hardest ribs from practicing in my leotards in the barracks."

He said the classes taught him style and grace.

"They are the perfect ingredients for

an entertainer," he said. "I practice them all the time."

On the other hand, McKay said the army held him back.

"Sometimes you would get a colonel who would like your performance and he would keep you entertaining for him and his family or friends."

"They don't let you forget you're in the Army, on stage or off," he added.

McKay says his idol is Sammy Davis Jr. "but he's getting kind of old now. I think he needs a replacement."

Whether McKay is serious about that statement is hard to say. He admits acting constantly, "I'm always playing different roles. I like to see if I can actually play the role."

Some of the roles McKay played in the Army barracks included the grouch, the macho-man and the comic.

"People say they never know what I'm going to do next," he said.

Currently McKay is off to Chicago where he is to be photographed by Ebony Magazine.

"We'll see what comes up. Hopefully I'll be in the summer fashions," he said. "I am hoping to become a model," he said. "Modeling is a good way to get yourself known and that is important if you want to go into the entertainment field."

When McKay was not entertaining in the Army he was a weapons and

ammunitions specialist instructor. Classified as an E-4 with a job title of Sp-4, McKay said he was the lowest ranking member of the instructional crew which usually reserved his job for a E-7.

"I must have known my stuff or they wouldn't have kept me," he said about the job.

McKay now hopes that job will help his chances of working for the new Army Ammunition Plant under construction at the National Space Technology Laboratories.

"I don't think you should be totally dependent on entertainment. I feel if you make it more of a hobby than you

have a better chance of succeeding," entertainer. He has my support, but in terms of the acting profession, personally I would prefer to see him McKay feels the field has gotten 'more challenging' for black actors in the last 10 years.

"Ten years ago blacks were supposed to be funny comics. Then it got to the stage where there were a lot of movies like Super Fly and Shaft. The only time you saw a black actor was one wearing a flowered shirt and broad brimmed white hat smoking a slim cigar."

McKay said the movies have changed since 1975.

He mentioned a TV series shown in Germany entitled the 'Lazarath Syndrome' starring Louie Garcia Jr. as a black surgeon. McKay also noted the actor Ron Glas and his portrayal of a police officer in 'Barney Miller' and new movies like 'Saturn III' and 'The Alien' which portray black actors in a different manner than the older stereotyped roles.

"It's a lot more challenging than playing a rooster on Barretta. Give me a chance to play a doctor surgeon," he said.

McKay's father Yogi McKay of Bay St. Louis and coach of the Biloxi Buccaneers football team, said,

"I'm behind him if he wants to be an

## Invitational

set Saturday

The Coast Invitational Tennis Tournament is scheduled Saturday at Hiller Park in Biloxi.

Considered the biggest Mississippi high school tournament of the tennis season, the event is the only tournament in which all Coast schools may participate.

Trophies will be awarded to individual winners in the invitational.

Fritz Harris of Kiln uses whatever's available to ward off fire

## Fugitives.....

CONTINUED FROM PAGE 1A

Peterson said Laneaux escaped previously when a jailer was escorting the prisoner to a telephone.

The sheriff explained, "The two saw through the bars and escaped across a roof. We feel someone slipped them a hacksaw blade."

"Escape charges will be filed against the two when they are apprehended because they have been convicted of crimes. This will mean an additional five years to each of their sentences," Peterson reported.

The sheriff noted both men will be immediately transported to Parchman when captured.

Peterson said Parchman officials said this week any prisoners being held for their facility who escape from a local jail will be immediately accepted by the penitentiary when captured.

"We're installing double bars in the jail building to prevent further breakouts," he said.

"We've got a security problem with construction underway here now. Our security fence around the jail is open in some areas," the sheriff reported.

Peterson noted he's considering either erecting a higher fence or moving the fence on the east side of the jail further from the building to prevent people from giving items to inmates.

## JAIL POT BUST

A Bay St. Louis man was arrested Monday for allegedly attempting to smuggle marijuana into the jail to a prisoner.

Rocke W. Snyder, 22, of Thomas Street in Bay St. Louis was arrested at 3:31 p.m. March 16 by Sheriff's Investigator Alvin Ladner for allegedly attempting to convey the contraband.

Snyder was charged with intent to distribute and released on bond.

## Obituaries

### LAYINIA BARRETT

Private funeral services for Miss Layinia Barrett, 92, native and resident of New Orleans, La. were conducted March 7 at Lietz-Eagan Funeral Home on Veterans Boulevard, Metairie, La.

Burial followed in Greenwood Cemetery, New Orleans.

Miss Barrett, a retired employee of Sears, Roebuck and Co., New Orleans, died Friday, March 6, 1981 in Metairie, La.

Survivors include one brother, Theo Barrett, Marrero, La.; two nephews, Charles L. Gager, Bay St. Louis, and Anthony T. Barrett, Marrero; and two nieces, Elouise Metzger, Metairie, and Mrs. Dorothy Robertson, New Orleans.

### MRS. HELEN REED

A visitation for Mrs. Helen E. Gaines Reed was Friday from 2 until 4:30 p.m. at Baylous Funeral Home in Picayune. The body was taken to Keys of Charity Hall No. 4 in Lacombe, La., where a wake was held at 6:30 p.m. Friday.

A 9 a.m. Mass was celebrated Saturday at Sacred Heart Catholic Church in Lacombe, followed by burial in Lacombe Cemetery.

Mrs. Reed, 71, wife of Freeman Reed and a resident of Singleton Street in Waveland, died March 14, 1981 in Bay St. Louis.

## Mother's March today

A 'Mothers March Against Birth Defects' will be conducted in Hancock County today.

"Many of your friends and neighbors will be going door to door to raise funds to aid the March of Dimes in their struggle to overcome all birth defects, including more than 3,500 babies are born each year in Mississippi with physical or mental defects," said Mrs. Delores Davis, co-chairman of this year's march.

"I hope everyone will be generous when a volunteer calls. In that way we can all do our share to reach the goal of a healthy beginning in life for every baby," she added.

For further information, call Mrs. Davis or the March of Dimes office in Gulfport, 888-1374.

Pooch of the Week

The Bay-Waveland-Haitiane Society this week is offering free to a good home a six-month-old black male retriever puppy. He is described by a society spokesman as 'friendly and will make a good companion.' His new owners should have a fenced enclosure, the society said.

## SEAMAN APPREN.

W.R. BIEHL

Coast Guard Seaman Appren. William R. Biehl, whose wife, Cheryl, is the daughter of Grady J. and Sylvia R. Brown of P.O. Box 201, Kiln, has reported for duty aboard the Coast Guard cutter Wyaconda, homeported in Dubuque, Iowa.

A 1976 graduate of Bay Senior High School in Bay St. Louis, he joined the Coast Guard in August 1980.

## PVT CHARLES JONES

Army Private Charles Jones, son of Mr. and Mrs. Frank Jones of Pearlington, is attending basic training at Fort Leonard Wood, Mo.

During the training, students receive instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.

## LT. JOHN NEELY

Air Force Second Lt. John A. Neely, whose wife, Patricia, is the daughter of Mr. and Mrs. B.F. Mistretta of 3 Cypress Knee in Bay St. Louis, has participated in Global Shield 81, the Strategic Air Command's response to a simulated attack on the United States.

The service member is among the more than 100,000 U.S. Air Force, Navy, Marine Corps and Canadian personnel taking part in SAC's largest, no-notice, 20-day training exercise, an Air Force spokesman says.

"During one portion of Global Shield, more than 500 B-52 and FB-111 bombers and KC-135 tankers took off from 70 different locations in the United States and Guam within minutes of notification," the spokesman reports.

"This exercise is not related in any way to real world situations," says a SAC spokesman.

"Global Shield 81 is designed to test the command's capability to carry out emergency war orders to support U.S. policy if deterrence fails," the SAC spokesman notes.

"This exercise has been contracted to measure SAC's response to a set of preplanned events leading up to a simulated attack on the United States," the spokesman explained.

"As part of Global Shield, some SAC aircraft deploy to civilian and military airfields selected specifically for the exercise," the spokesman reports.

"Additionally, B-52s and FB-111s fly low-level training routes approved by the Federal Aviation Administration. The routes were preselected to help measure the simulated bombing, navigation and electronic counter measure skills of SAC aircrews," the spokesman explains.

## Bits 'n pieces

By Ellis Cuevas

If you plan on mailing a letter, remember, the rate has been increased to 18 cents on first class.

Postal rates like everything else have been on the increase in recent years.

We are told that one of the Postal Service's biggest expense increases has been on fuel which is vital for the agency's operations.

A penny post card is a thing of the past, and many of us can remember the 5 cent first class rate not too many years ago.

We understand applications are now available to high school seniors for scholarships at Pearl River Junior College and the University of Southern Mississippi, sponsored by Clement R. Bontemps American Legion Post No. 139.

The students will be selected by the respective colleges to receive the scholarships.

Applications can be obtained from J.D. (Big John) Rutherford or Edward Murtagh.

It was good to read about the passage of the open meetings law by both the House Senate last week.

We know Senator Martin Smith and Representative J. P. Compretta worked very hard in helping the passage of the open meetings bill.

We sure hope Governor William Winter will place his signature on this important legislation.

We cannot recall a three month span of so many fires in Hancock County as we have just experienced.

Wednesday was a firemen's nightmare. Everywhere they turned, they could see smoke heading for the clouds.

When utility poles are destroyed, you know the fires were really hot.

Many an hour was worked by volunteer firemen to help control all the fires, home and wildwoods.

We hope folks will remember the Volunteer Fire Departments when they have fund raising events.

We have seen it time and time again, how the firemen off duty flock to the scene of fires, both paid members and volunteers.

These are outstanding citizens of our community, dedicated to our well-being.

We offer our thanks to all of you.

A fire fighting team we do not want to forget are the members of the Forestry Department in Hancock County.

The name of the group tells you their roll, but in recent months they have spent many hours protecting homes as well as our forests.

The men and women of the Forestry Department have been doing an outstanding job, right along with our fire departments.

**WHO QUALIFIES FOR CITY AID?**—While Bay St. Louis Mayor Larry Bennett last week justified use of city equipment and manpower on private property to assist the owner of a fire-ravaged business on US-90 by saying the city will help anyone in a similar situation, businessmen and homeowners report they have been refused aid from the city in removing debris from private property. We wonder what are the criteria for obtaining use of city equipment such as this front-end loader and its driver which if rented from one local equipment company would cost in excess of \$50 per hour? (Echo staff photo)

## Weight of a snowflake \*\*\*\*\*

"Tell me the weight of a snowflake," a coalmouse asked a wild dove.

"Nothing more than nothing," was the answer.

"In that case, I must tell you a marvelous story," the coalmouse said.

"I sat on the branch of a fir, close to its trunk, when it began to snow — not heavily, not in a raging blizzard — no, just like in a dream, without a wound and without any violence.

"Since I did not have anything better to do, I counted the snowflakes settling on the twigs and needles of my branch.

"Their number was exactly 3,741,952. When the 3,741,953 dropped onto the branch — nothing more than nothing, as you say — the branch broke off."

Having said that the coalmouse flew away.

The dove, since Noah's time, an authority on the matter, thought about the story for awhile, and finally said to herself, "Perhaps there is only one person's voice lacking for peace to come to the world."

— from 'Thus Spake the Marabout' in New Fables by Kurt Kauter

## Early detection best way to fight cancer

Cancer and the threat of cancer is of concern to everyone today.

At one time, the discussion of cancer was taboo because it carried a social stigma. Some people thought it was venereal in origin and contagious, or that it was hereditary.

Through research and education, many of these prejudices have been overcome. People today are more knowledgeable about the causes and effects of cancer.

However, even today the word cancer triggers feelings of dread for the pain and suffering long associated with this disease.

Yet we know now that of all the major diseases in America, cancer is one of the more curable, if treated in an early localized stage.

Through research, we have learned that normal body cells divide, multiply, and differentiate into specialized cells which make up the tissues and organs of our body.

Cancer cells differ in that they run wild and multiply beyond normal limits. They have no organization as do normal cells.

If they are not checked, they invade neighboring tissue and establish new colonies of cancer cells. Thus, they create a chain reaction that can extend to the entire body.

Often abnormal cells, or masses, form tumors. All tumors are not malignant (cancerous); some are benign (not malignant), and can usually be removed without any serious problems. Millions of research dollars are expended annually pursuing early detection methods and techniques.

Early detection is the best means of fighting cancer. It permits treatment before the malignant cells have a chance to spread throughout the body. The possibility of cancer spreading through the blood stream from the original site makes early diagnosis and treatment the difference between life and death.

It is up to you to know the suspicious symptoms of cancer and to report them

to your doctor. If you wait, you could be throwing your life away. If you act in time, there is a good chance you will extend your life span for many years.

### SEVEN WARNING SIGNALS

1. Change in bowel or bladder habits.
2. A sore that does not heal.
3. Unusual bleeding or discharge.
4. Thickening or lump in breast or elsewhere.
5. Indigestion or difficulty in swallowing.
6. Obvious change in wart or mole.
7. Nagging cough or hoarseness.

If you have a warning signal, see your doctor.

## BUSINESS VIEWPOINT

by Richard M. DeVos and Jay VanAndel

### OVER-COMPLACENCY AND OVER-EXPECTATION THREATEN CONSERVATIVE ERA

In one of his first newspaper columns of 1981, Dr. Richard Leshner, president of the Chamber of Commerce of the United States, the largest business organization in the world issued, a warning to those who are euphoric about the prospects for a new conservative era in America.

He is concerned that the prospects of restoring economic growth may be dimmed by over-complacency, arrogance, and over-expectation among conservatives themselves.

His words demand the careful attention of each of us who believes that the results of the elections last November offer an opportunity for significant and constructive change in America. These are the three major risks cited by Dr. Leshner and his explanation of each:

"First, an attitude of over-complacency by the public in general and the business community in particular. The attitude here is: 'We won it all, so there is nothing left to do or worry about.' I would argue just the opposite — never have we had a greater need for legislative and political activism originating at the grass roots.

"There is all the difference in the world between enunciating legislative proposals and following through to ensure they are passed by Congress and fairly administered by the executive agencies.

"Second, an attitude of arrogance and extremism which makes demands that are unreasonable, unrealistic, and unacceptable to the public at large. The mandate of November 4 is for less government. It is for more private enterprise.

However, in no way should this be interpreted as signifying less concern for a clean environment, for less safety in the workplace, or for less honesty and reliability within the enterprise system.

"Third, an attitude of over-expectation by the public at large. The election permits us to attempt a clean break with the past and to begin anew. It did not provide us with a magic wand which we can wave once to produce a painless panacea.

It's been said before, but it cannot be over-emphasized that problems whose origins date more than 10 years ago will not be cured in one year's time. Nevertheless, we can make steady progress if we get started right now and make up our minds to pursue our goals with determination."

Dr. Leshner concludes that it is the members of the business community who are the logical leaders in the 1980's.

"We have waited a long time for the opportunity to get America back on track," he writes, "and now that we finally have it, we must not allow it to slip away. If we do, who knows how long it would be before we have another, and who can even imagine what kind of problems America would be facing then."

Donald Lambro, a special assignment reporter for United Press International, has written a new book,

"Fat City: How Washington Wastes Your Taxes."

It tells of incredible waste in the federal bureaucracy. For example, Lambro says \$25 to \$50 billion a year is wasted because the federal programs are so numerous and broad that they offer opportunities for chiseling and mismanagement.

According to the former UPI reporter, and now a nationally syndicated columnist for United Features Syndicate, \$50 to \$60 million a year is spent on advisory commissions and panels which perform little practical service.

Two billion dollars a year is "wasted" on the consultant industry, non-government experts who frequently engage in duplicative, needless, or wasteful studies.

In "Fat City," Lambro says several hundred thousand dollars was paid to one consultant to find out whether community block grants help the poor. When the consultant replied it was not possible to tell, the government reauthorized the study for three or four more years!

His ideas carry extra weight as the new Congress and a new President, pledged to cut Federal spending, search for ways to get the budget under control.

Can Federal spending be cut? As Don Lambro documents so well, the waste is there for the budget cutters. Supporting his well-documented book are two recent studies, one by the National Tax Limitation Committee and the other by The Heritage Foundation.

The tax limitation people testified recently before the Senate Appropriations Committee and described a comprehensive plan to cut more than \$100 billion from the federal budget. And they underscored and stressed that their plan is not a "hit list" but a systematic approach by which Congress can cut back on excessive federal spending.

At about the same time, Heritage, a conservative "think tank" released a 378-page book, "Agenda For Progress: Examining Federal Spending," describing dozens of programs that could be eliminated or curtailed, potentially saving U.S. taxpayers some \$8.6 billion in Fiscal 1982 alone.

The new Congress and President Reagan certainly have no lack of shopping lists to cut spending!

(Note: Jay Van Andel is Chairman of the Board of Amway Corp., Ada, Michigan, and just completed a term as Chairman of the Board of the Chamber of Commerce of the United States. Richard M. DeVos is President and co-founder of Amway.)

The editorial page

**SNAGGING A BIG ONE**—Robert (Bobby) Boudin, Hancock County Civil Defense director, operates an electric winch pulling a huge pine stump ashore which was stuck in mud in Jourdain River channel offshore from the Cedar Point area of Bay St. Louis. Boudin and Eddie Osborn of Bay St. Louis recently pulled the stump out of the channel with a civil defense

boat while Jay Marsh prepared the winch cable to pull the enormous object onshore and out of the way of boaters. Boudin has written the U.S. Army Corps of Engineers and Coast Guard in an effort to remove unmovable obstructions from local waters. He asks local residents to report such water hazards to his office in Bay St. Louis. (Staff photo by Wayne Ducomb Jr.)

## The Bottom Line

Candid Answers To Your Questions About Advertising and Business Topics.

By S. GALE DENLEY  
Associate Professor of Journalism  
University of Mississippi

Your recent answer about new business ventures exactly described my situation. I have a patented process for decorative household items and can't get enough sales volume at flea markets, fairs and country days to generate much needed expansion capital. I Need Help.

Dear INH: Classified ads or small illustrated display ads in local newspapers are an inexpensive way to generate area business.

Rather than try to make direct sales you might have circulars, not necessarily in color, that illustrate and detail the products with an order form at the bottom. Your ads would invite queries, by phone or mail, for free information about your items. You would then send the circular to those who ask for it.

Additional circulars should be included with the items when they are delivered. Other distribution would depend on your local contacts at businesses with which you are not in competition.

This approach would allow you to reach more people than you could possibly contact in person. How well it works will depend on your ads, the circular and, of course, the product.

The ads and circulars can be "tested" by using various approaches and keeping up with results of changes you make in each.

If your product seems to have mass appeal, you can probably get operating capital through the Small Business Administration, or another such agency. SBA has some 90 offices, or you can get the address from a local library.

SBA can often make useful suggestions on local financing or can get you in touch with all manner of useful sources of information or funds.

This course of action would probably result in your becoming involved in manufacturing, rather than marketing. But SBA, and the others with whom you consult, can help you determine the most advantageous role for you to assume.

The small ad campaign to get requests for information could "grow up." Should your items really sell, larger ads could produce direct sales, and get the proof of demand you need to get shelf space in gift and decorator shops, if this is what you want.

As you suggest in your letter, selling the rights to some big company is a possibility, but all too often the proof of the value of the process may be realized only after it has been proven in the marketplace.

Send Questions or Comments to S. Gale Denley, Associate Professor, Department of Journalism, University, Miss. 38677

# Veterans Farm and Home loan program expanded

Effective April 1, 1981 the application process of obtaining a loan through the Veterans Farm and Home Loan program will be revised, according to Charles J. Dean of Meridian, chairman of the board.

In the past, Dean said, veterans desiring loans through the program have been permitted to file applications only during intermittent periods set by the six-member board that oversees the program.

During other periods, when funds were not available for immediate processing, veterans have been informed that the application process was "closed" with the advice to inquire later as to the availability of funds, Dean stated.

Under the revised policy, veterans desiring loans will be permitted to file a "pre-application" request with the board on an open or continuous basis with no further "closed" periods.

Upon receipt of the "pre-application" request in the offices of the Board in Jackson, the veteran's name and essential information will be placed on file, and the applicant will be advised of his position on the waiting list, which will be established on a numerical basis, according to James V. Brocato, executive director.

Approximately 90 days prior to funds becoming available to process the loan, the applicant will be advised accordingly and he will be sent the necessary forms to file a formal application, Brocato stated.

Brocato explained that due to no direct appropriation of general funds being made available to the program since 1952, the agency has been self-sustaining, depending entirely on the re-payment of principal and interest as a source of funds for making additional loans.

Consequently, funds have been extremely limited, as collections amount to only \$5 million annually.

This allows the board to assist only about 125 veterans annually with loans if all requests are for the maximum amount of \$40,000, as set by statute, Brocato said.

With the current backlog of applicants that was established during the last acceptance periods in March-April of 1980, veterans should not be too optimistic of their chances of obtaining a loan in less than one year following their "pre-application," Dean cautioned.

The revolving fund is just not adequate to assist all the veterans that desire financing through this program. Through June 30, 1980, the agency has experienced a growth rate from total general fund appropriations of only \$9,600,000 to over \$34,349,000. The net profit from operations for fiscal year 1980 was \$1,883,135, which is being used entirely for new loans, he said.

Unless favorable action is given to legislation passed by the state Senate and pending action in the House of Representatives to allow the issuance of state bonds to provide additional funds for the loan program, applications will require a lengthy "lead time" prior to fulfillment.

The Veterans' Loan Program was established by the legislature in 1946 to assist veterans of the State of Mississippi to become rehabilitated and re-established following their service in World War II.

Since that time, the benefits of this program have been extended to veterans of other armed conflicts or wars involving U. S. armed forces.

## Auxiliary entertains

The Ladies Auxiliary VFW Post No. 6285, entertained some 30 veterans from the VA Center at Gulfport March 18. Refreshments were served and games were played.

The Auxiliary held its regular monthly meeting Tuesday, March 17 when plans were discussed on re-decorating the hall.

Following the meeting, all members present partook of a seafood gumbo dinner.

It is entirely state operated for the purpose of making low interest loans to Mississippians who answered the call to arms or to those from other states who have been residents of Mississippi for at least two years. The original interest rate was four percent which has been revised over the years to the current rate of nine percent with a maximum loan period of 25 years, according to the announcement.

From 1946-1980, the board has assisted over 11,000

veterans and their families with loans amounting to \$30,390,814, and yet, the board has not sustained a single loss from delinquent accounts since the loan program was initiated. It has been necessary to foreclose on only 203 properties during the 23-year period, and these foreclosures resulted in 180 claims for guaranty under the Veterans Administration GI Program.

The number of such claims has been considerably less

than the nation as a whole for all VA guaranteed loans.

Basically, any veteran who is eligible for a Veterans Administration Guaranteed Home Loan and has been a resident of the State of Mississippi at least two years immediately preceding date of application, or a resident for two years preceding his entry into service, can apply for a loan.

Also eligible is any veteran who has married a person who has been a resident of this

state for at least two years.

Also eligible are the unmarried widows of deceased veterans.

Properties eligible for assistance are both rural and urban homes located in the state of Mississippi.

Homes must meet the minimum property standards of the Veterans Administration. There is no limit on the cost of a property to be financed by the board, but the loan is limited to \$40,000.

All above that sum must be

paid by the purchaser.

The board will also consider applications for financing of major additions, alterations and improvements or construction of a new home.

If a veteran has arranged for permanent financing of his home with another lender, he is not eligible for a loan with the board, Brocato advised.

Pre-application forms can be requested from the Veterans Farm and Home Board, P. O. Box 115, Jackson, MS 39205.

Veterans desiring additional information can call the State Office at 354-7222 or visit Suite 405 of the Woolfolk State Office Building.

They may also contact board member Charles J. Dean, Meridian, 482-0401; C. Preston Holmes, Mound Bayou, 741-2359; Herman Shows, Waynesboro, 735-3800; John H. Mitchell, Jr., Starville, 232-3445; Harold E. Jones, Gautier, 497-3459; and Rufus Sweatt, Kosciusko, 288-1113.

# Fires.....

north of Kiln and across Joe Moran Road through the Silver Creek area and Fenton Community into Harrison County through the Liza area Community and was stopped Friday at Canal Road north of Gulfport.

The fire scorched a two-mile path through the woodlands.

In Hancock County that fire leveled two abandoned houses north of Kiln and destroyed Dirty John's Garage in Fenton along with two vehicles.

Officials estimate some 10,000 acres in Hancock County, 15,000 acres in Harrison County and 10,000 acres in Jackson County were scorched by fire.

In response to the fire problem, the Mississippi Forestry Commission has banned any type of burning in South Mississippi and Bay St. Louis and Waveland fire chiefs will not issue any burning permits until further notice.

Hancock County Conservation Officer Pat Toomey Friday reported,

"Our Jackson office has signed conservation officers in the three Gulf Coast counties to work with the forestry commission to investigate fires and arrest arsonists."

"Mississippi Public Law 49-1973 gives us authority in a situation like this and we mean business," Toomey noted.

"Anyone who might see something suspicious may call me at 467-4960, C.J. Cameron at 255-1881, Ronald Ladner at 255-7566 or any law enforcement agency," Toomey suggested.

"Persons calling do not have to give their names, but the forestry commission offers a \$500 reward for information leading to arrest and conviction of a woods arsonist," he reported.

Also the Mississippi National Guard has been activated to reinforce fire fighters behind fire lines to extinguish blazes ignited by windblown sparks.

Franklin Kyle Jr., South Central Bell

Telephone Co. district manager, Friday said the forest fires are affecting service in some areas.

"Some serial cables with plastic sheaths may have been burned by flames and pedestal terminal or junction boxes for buried cable may have also been damaged," he reported.

"We urge those fighting fires to call toll free 1-388-5356 so we can protect telephone lines and cable from fire," Kyle requested.

## BAY ST. LOUIS FIRES

While fire fighting units battled the Kiln blaze Wednesday afternoon a forest fire burned several acres in Bay St. Louis between Suebe and Turner Streets near US-90.

Fire Chief Andrew Lizana of the Bay Fire Department speculates 'careless burning of trash' as cause of the blaze. Some area residents believe additional fire hydrants are needed along Bismarck, Eighth and 10th Streets, but Lizana disagrees.

Edith Ferrell at 212 Bismarck St. Friday said, "The fire departments brought tanker trucks to fight the blaze here because there's no fire plugs."

Helene Moran at 227 Eighth Street Friday noted, "The fire fighters were able to stop the fire at our street."

"But I wish we had a fire main near our house because fire hoses won't reach from the hydrants on Turner and Suebe Streets," Moran said.

However Lizana Friday stated, "We had enough water because when one truck emptied we had another one to replace it."

"The problem with that fire was it was too deep in the woods to fight effectively and with variable winds it was too dangerous to go into the woods," Lizana explained.

"Lifesaving is our first priority then we save property," he added.

Ferrell said, "Flames were all up in the tree tops with showers of sparks raining on our home."

"Everyone was trying to keep their roofs wet to keep the houses from burning," she reported.

"I was petrified, it was so scary," Ferrell stated.

"The fire fighters did a great job and people from all over came to help fight the fire," she said.

Moran said her family moved clothing and valuables to friend's nearby automobiles as the fire approached.

"It looked like a wall of fire coming through the trees and was really terrifying. Cinders were falling on our roof so my husband wet the roof down," she reported.

Joseph Cuccia, a retired New Orleans fire captain, also an Eighth Street

CONTINUED FROM PAGE 1A

resident Friday said, "The fire department did a wonderful job."

"There were two houses that were really threatened and they were saved," he noted.

"It was a tremendous blaze, like a ball of fire," Cuccia added.

Lincoln Kean, guest of the S.J. Coogan family on Bismarck Street, stated, "Fence posts were burning, sparks were flying everywhere."

East Hancock and BaySide Volunteer, Diamondhead and Waveland Fire Departments and residents assisted in fighting the blaze.

Lizana said earlier that day his department extinguished woods fires erupting at the corner of Blue Meadow Road and Stewart Street, North Beach Boulevard and Engman Avenue, Blue Meadow Road and Harrison Street, Blue Meadow Road and Lake Street, Blue Meadow Road and Wolf Street, and Pine Street and North Beach Boulevard.

Also the same day at 3:31 p.m. the department extinguished a fire in a shed belonging to Gladys Barbiano which damaged the structure and one side of the home.

Lizana said Friday his department extinguished woods fires at Harrison Street and Blue Meadow Road, Washington Road in Garden Isles Community, Lake Street and Stewart Street, along Shieldsboro Drive and Third Street, and near Bay Senior High School Stadium.

## WAVELAND FIRES

Fire Chief Kenneth Fayard Sr. of Waveland Fire Department said fire fighters battled woods fires near Buccaneer State Park and Gulfside Assembly Center for over 48 hours Thursday and Friday.

Fayard cites arson as cause of the blazes.

"A fire began along South Street Thursday and we fought it the best we could all that night and all day Friday," he reported.

"One fire was set near the Wavepool in Buccaneer Park," Fayard added.

"The underbrush is so thick here we can only fight the fires at the edge of the woods," he stated.

*The Spinal Column*

By **WILLIAM L. POWELL, D. C.**

**Headache Cause May Be Pinched Nerve**

According to a report issued by the N. Y. Journal of Medicine, the cause of headache in over 90% of 2,000 patients studied was a mechanical irritation of the nerves that exit between the bones of the neck. The report states that "Direct injury to the neck may be caused by a blow or a fall" that could easily irritate delicate spinal nerves.

American Weekly Magazine informed readers, "Headaches strike 18,000,000 Americans on a regular basis," and each day some 21 tons of aspirin are consumed in the attempt to gain relief.

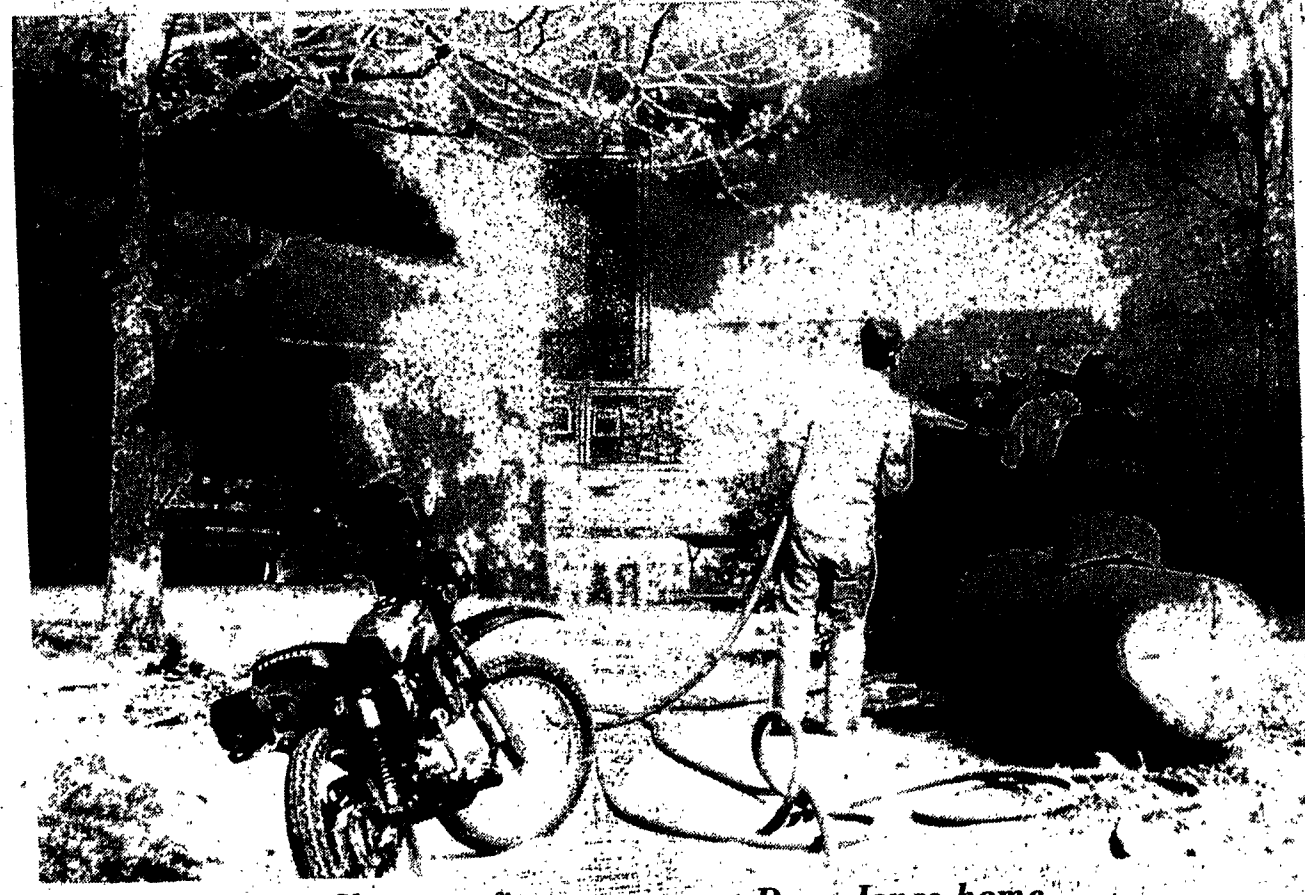

Modern chiropractic treatment seeks to eliminate this irritation of spinal nerves and produce effective relief of neck tension and headaches.

## Hancock library lists events

A wide assortment of special events are being planned by the Hancock County Library System for National Library Week, April 5-11 says Myrt Haas, Hancock County chairman for National Library Week.

"We will have activities which will appeal to all age groups and encourage the public to participate in this annual celebration," Haas notes.

Special events include a: —Special production of Peter Zappetla's Puppet Arts Theatre on April 6 at 4 p.m. at the Bay St. Louis Little Theater;

—Luncheon for Hancock County librarians serving in schools and special libraries hosted by the Bay St. Louis library staff on April 8;

—Mississippi Folklore program on April 9 at 7 p.m. at the Bay St. Louis library.

Other activities slated include a:

—Trivia contest for students in grades five through 12;

—Circulation contest whereby adults will try to guess the number of books and other library materials loaned by the system since the last National Library Week;

—Book sale sponsored by the Friends of the Library at the Waveland library on April 4 from 10 a.m. until 4 p.m.

"In addition, a new service will begin during National Library Week. Book bags filled with games, activities, paperback books, and information about the library will be given to children admitted to Hancock County General Hospital," a library spokesman reports.

**FAULKNER AWARD**  
Mississippi ETV's award-winning film, "William Faulkner: A Life on Paper," is one of 24 nominations for the Alfred I. duPont-Columbia University Awards in Broadcast Journalism.

**STREET REPAIRS**—City crews work Thursday morning to repair street damage caused by earlier sewerage cave-in on Court Street in Bay St. Louis. Several other streets were also repaired and paved, including damage on Beach Boulevard at Bay View Court. "We just don't have the equipment, manpower, or money to do these needed repairs on a regular

basis," Bay St. Louis utilities director Bill Johnson stated. "I don't know what we're going to do when we lose our CETA workers due to federal spending cuts," Johnson added. ## Epilepsy council names director

Lisa Bartlett was named executive director recently of the Mississippi Council on Epilepsy by Archie Lancaster, the organization's president, in Jackson.

"We are very pleased with this appointment, for we feel one of our main faults has been a lack of visibility and general knowledge of our existence as well as our services. For this reason, we felt hiring someone with a strong public relations background would be to our best advantage, so that we can become a more viable and visible service organization," Lancaster explains.

A 1978 graduate of the University of Mississippi, Bartlett previously served as director of promotions for the International Ballet Competition and as coordinator of special projects for the Mississippi Division of Tourism.

While working in this capacity she was the overall coordinator for the national Miss USA Pageant, which was televised live on CBS from the Mississippi Gulf Coast in 1979 and 1980.

"As executive director, Bartlett's main goal is to not only make the more than 50,000 people in Mississippi with epilepsy aware of the services available to them through MCE, but to also make the citizens of the state more knowledgeable about epilepsy itself," Lancaster reports.

"Almost everyone knows someone suffering from

epilepsy," Bartlett says.

"Unfortunately, society has placed a stigma on this particular affliction which makes people hesitant to admit they have it, much less talk about it," he states.

"The Mississippi council hopes to make the public more aware by providing a speakers bureau for employers, teachers, parents,

and students," Bartlett says.

"In addition, close association with doctors throughout the state will make those with epilepsy aware of the free information and counseling services available for them and their families," Bartlett states.

"The theme for the national epilepsy foundation is to 'help light the candle of un-

derstanding.' Very simply, that is what the goal is for the Mississippi council," Bartlett reports.

For pamphlets or other information write Mississippi Council on Epilepsy, 3000 Old Canton Road, Suite 470, Jackson Miss. 39216.

The council is an agency of the United Way of Hancock County.

## Vo-tech Center offering emergency medical class

A 40-hour 'First Responder' course is being offered by the Pearl River Junior College, Hancock County Vo-Tech Center.

The course will begin April 2, at 7 p.m. Class meetings will be on Tuesdays and Thursdays from 7 p.m. until 9:30 p.m. for eight weeks.

"The objective of this course is to provide training in all aspects of emergency medical care required at the scene of a traffic accident by a rescuer who is not an ambulance emergency medical technician," says Dr. William Bradford of Waveland.

"This course is designed as a digest version of the basic EMT-A course to upgrade emergency medical services in semi-rural areas," he adds. The textbook used is

'Emergency Care and Transportation of the Sick and Injured' by the American Academy of Orthopedic Surgeons.

Students must register in person at the Vo-Tech Center or at least by phone (467-3568) prior to the April 2 start date. The class will be limited to 15 students. At least 10 students are required in order to start a course.

"No prior training or experience in the emergency medical care field is required of course applicant. However, priority enrollment consideration will be given to personnel presently employed in emergency positions," Bradford reports.

The course will include classroom and field training and will be taught by Bradford and other medical personnel from Hancock County.

"Total cost of the course which includes textbook and workbook is \$25 per student. Fees should be paid in full before the first class meeting.

Present plans are for all class meetings to be held at the Waveland, Civic Center on Coleman Avenue, in Waveland," a Vo-Tech spokesman says.

Upon successful completion of the course, participants will be proficient in:

- Providing basic emergency medical care to victims of emergencies;
- Taking actions necessary to minimize patient suffering;
- Preventing further injury.

### LIGHTNING

Lightning kills more people in an average year than hurricanes and tornadoes combined.

## Bay theater, library to host kids puppet show

The world where dreams are fulfilled will unfold to children in grades one through six when the Hancock County Library System presents a live puppet performance of 'Three Golden Oranges' on Monday, April 6 at 4 p.m. at the Bay St. Louis Little Theatre.

The performance, conducted by Peter Zepietal, Mississippi Authority for Educational Television puppetry producer, is part of a celebration of National Library Week in Hancock County.

"The format is aimed at children six years and older and is free of charge. However, because of limited seating, parents must pick up a pass for their child at the

Bay St. Louis Library on US-90 the week prior to the performance," a library spokesman notes.

"The production, based on a Spanish folk tale, offers spectacular scenes at the Castles of the Sun, the Moon and the East Wind," the spokesman says.

"The 14 character puppets used in the production were designed by Zepietal and his wife, Jarmila, and were constructed by the Empire State Puppet Theater," the spokesman explains.

"The production will be a presentation of the Puppet Arts Theatre of Jackson," the spokesman states.

"Other members of the company include Sandy McNeal and Libba Townsend,

both of Jackson," the spokesman adds.

"This work is planned for children six years and older. We urge parents not to request admittance for younger children," Zepietal says.

A native of Czechoslovakia, Zepietal attended the Academy of the Performing Arts in Prague where he majored in puppetry and earned a degree equivalent to a Master of Arts.

Prior to moving to the

United States in 1967, he was associated with the State Puppet Theater in Zilina.

"The performance is made possible by the Hancock County Library System; the Bay St. Louis Little Theatre which is providing its facility; Mississippians for Educational Television; and a partial grant through the Mississippi Library Commission," the spokesman reports.

## Concerned citizens query Bay Council

By BRENT MACEY

Some 15 'concerned citizens' confronted the Bay St. Louis City Council Tuesday night on the wastewater issue, city utility rates and 'why black people are not being employed in certain area businesses.'

Geraldine Lang, president of the Concerned Citizens of Hancock County organization, and other members of that group, directed questions to Council President Pete Benvenuti during a council meeting at City Hall. Lang explained she believed this was correct procedure and noted her questions were directed to the entire council.

The other council members remained almost totally silent during the 1.5-hour discussion with Benvenuti responding to most of the questions.

Lang asked why the council favored joining the Gulf Coast Regional Wastewater Authority.

"It's not fair that you make a decision and not call on your constituents for their opinions," she said.

"There are a lot of poor and needy people who are trying to live within their means and we want to have your consideration in this matter."

Benvenuti responded, "You're beating a dead horse. The mayor's veto has not been overridden. The veto stands. Bay St. Louis will not be joining the Gulf Coast Regional Authority."

Lang asked how the council could be in favor of joining the regional authority when cost is 'unknown.'

"If you were going to build a house you would want to know how much it was going to cost. The contractor would want to know how much it would cost him. The issue needed more research so the people can understand it. I feel you should be in favor of doing something for the poor people and do something in their favor."

Benvenuti said he felt the regional plan was the best plan presented.

"I felt it was the best thing for the people of Bay St. Louis," he said.

Lang asked why it was not researched more by the council.

Benvenuti said he was never invited to attend one of the Waveland Wastewater Authority meetings held at 7 p.m. on the first Wednesday of every month in the City Hall in Waveland.

He said the mayor was a member of the authority and since he is a member it is only fitting that he should bring up the information.

Lang said the council should have pursued the issue.

Earl Lizana addressed the council concerning the cost of city utility service, stating, "I think some people are paying too much and others are not paying enough. It seems the biggest rip-off is the sewer bill."

Lizana said he favors a flat rate charge for gas and water.

"That way everybody pays for what he gets," Lizana said.

He suggested a flat rate of \$4.57 per

1,000 cubic feet of gas be charged to consumer.

Currently charges are based on a quantity discount rate.

Lizana said the consumer now pays \$9.98 for the first 1,000 cubic feet of gas; \$8.89 per 1,000 cubic feet for the second 2,000 cubic feet of gas; and \$4.57 per 1,000 cubic feet for the next 47,000 cubic feet.

"The rates are not distributed fairly," Lizana said, adding, "the current price rates penalize those people who are trying to conserve."

Benvenuti said utility charges are the result of a study from a Hattiesburg group who disclosed that utility charges were previously 'way under' in the City of Bay St. Louis.

He said the group recommended a fee which would provide the city with a profit through utility bills.

"The only way a city can make a profit is through its utility bills," Benvenuti said.

He said the city previously did not receive utility bills from summer residents.

"This way they pay \$7 and are helping pay for other people," he said.

Phillip Williams asked why more black people were not employed in areas including local stores and the city utility department and the Hancock County Board of Supervisors.

Benvenuti pointed to the appointment of a black police and fire chief in the Bay St. Louis and said "the city does not really fall into that pattern."

Williams said the council could not be held responsible, "but you can certainly lend an ear to favorable changes," he said.

Lang said new stores should be 'questioned about hiring blacks' before locating in the city.

"We want to bring to your attention that that there are not enough blacks in the Waveland stores and we feel you should be interested to know that," she said.

In further business, the board set the pay rates for the next city administration at \$22,500 per year for the next mayor, \$300 a month for the next council president, and \$250 a month for council members.

Councilman Wilmer Seymour noted that the pay scale will be in effect for the next four years and cannot be changed by the incoming administration.

Also during the 7 p.m. meeting the council:

—Accepted the resignation of William P. Hilliker as the Bay St. Louis representative on the Board of Commissioners for the Gulf Coast Regional Wastewater Authority;

—Heard a report from Mayor Larry Bennett that funds for employing CETA workers will be cut by the U.S. government and the city may possibly lose eight CETA employees by the end of this month;

**GALA STAR**—Liza Minnelli is one of the stars who appears in "Gala of stars 1981," the special three-hour extravaganza climaxing "Festival Nights" on Mississippi ETV. "Festival Nights" is a period of special programming on ETV designed to increase viewer awareness of public television. "Gala of Stars 1981" can be seen at 7 p.m., Sunday, March 22, on the Mississippi ETV Network.

## Suspect.....

CONTINUED FROM PAGE 1A

However, he stated that interview led police officials to the second suspect, Crazy Larry, who until recently had eluded the law enforcement officials.

Peterson said Crazy Larry was discovered in jail in Franklin, having been arrested by authorities for alleged possession of 10 pounds of marijuana shortly after Svoboda's body was discovered.

"During the interview we had with him (Crazy Larry) Monday he admitted to owning a .25 caliber automatic pistol," Peterson said.

"Currently we are looking for his girl friend and their car," the sheriff added.

During the investigation a 1976 Dodge Van was located in a wooded area off Hwy. 43.

Peterson said law officials originally believed the van was connected with the murder.

Further investigations however, revealed the van was stolen from Jefferson Parish, La. the day Svoboda's body was discovered.

The van contained \$100,000 worth of antiques.

"We notified the owner and he claimed it the same day," Peterson said. He added one of the antiques was a doll valued at \$5,000 dollars."

## Brief

### UM THEATRE

"Child's Play," the chilling tale of encroaching evil in a Catholic boys' school, will be presented April 1-4 as the final spring production of The University of Mississippi Theatre. Performances of the Robert Marasco melodrama will begin at 8 p.m. in Fulton Chapel on campus. The play will be directed by Dr. Seldon Faulkner, chairman of the Department of Theatre Arts at Ole Miss. "Child's Play" — the story of an undefined evil that suddenly strikes the student body of St. Charles School — is noted for its theme of sinister violence and its ominous atmosphere. Tickets are \$3 for adults, \$2 for children and free for students with valid IDs, and are available in advance through the Central Ticket Office in the Ole Miss Union, 232-7411.

## Ansley man critical

By WAYNE DUCOMB JR.

With a bullet lodged in his brain, an Ansley Community man was reported Saturday afternoon in critical condition after an apparent suicide attempt.

Stephen Thomas Heard, 29, National Space Technology Laboratory employee of Rockwell International, was reported in critical condition by a spokesman at Gulfport Memorial Hospital.

Investigator Delbert Sear of the Hancock County Sheriff's Department reported Heard was transferred Saturday morning from Hancock General Hospital in Bay St. Louis to the Gulfport facility.

**VIEWING THE DAMAGE**—A workman from R&S Contractors in Pass Christian stands in the rubble of what was once a Henderson Point summer home for Nick Oliver of New Orleans. A fire early Monday morning totally destroyed this home and boat house located on Mallini Bayou and 3rd Avenue and also heavily damaged a nearby summer home owned by S.W. Smith of Hattiesburg. Firefighters from the Henderson Point Volunteer Fire Department, Pass Christian Fire Department and Bay St. Louis Fire Department were all called to the scene. (Staff photo by Brent Macey)

**NEW MANAGER**—Area supervisor Bob Brooks recently appointed Bill Riddle manager of Kents in Our Shopping Center on US-90, Waveland. Riddle, formerly of Greenville, has lived in the Bay-Waveland area for five years and is married to Stephanie Stone of Lucedale. The couple has two daughters—Susie, 8 and Lesia, 2. "I really like this area, the people are very friendly," Riddle commented. "I'm very pleased to have this opportunity to work here." (Staff photo by Randy Ponder)

## First of a Series

### Owner Must Never Allow Dog to Growl or Bite

Should puppies be allowed to growl when at the food dish? NO. Too often a growl becomes a bite. But surely dogs have some rights? Yes, but not the right to growl or bite. Consider the tragedies which result for people and dogs.

A careful study of dog bites in a large city indicates that five per cent of those bitten by the family dog were under three years old and 18 per cent were between three and five. The study also showed that 20 per cent of facial bites came in toddlers, and 47 per cent in those three to six.

This is a tragedy for the children bitten, and can mean the death chamber for the dog. If the family wishes to keep the dog, it does so at its peril knowing that, under the law, the owner is guilty of keeping a vicious dog.

#### BUT YOU CAN TEACH YOUR DOG NOT TO GROWL OR BITE

Shouldn't a dog be allowed to "growl" during play? No. Too often the growling moves to anger and biting. BUT YOU CAN

#### TEACH YOUR PUPPY HOW FAR IT CAN GO.

Canine mothers pick up puppies by the scruff of the neck. The pups carry an inborn instinct neither to struggle nor to bark or howl. Use this knowledge.

When puppy growls at the food dish, lift it up by the scruff. Scold it. Some people flick the puppy upward under the chin. But

this may not be necessary. Return puppy to the dish. Repeat until it understands it cannot growl, and that if it behaves it can eat its fill.

For older—and larger—puppies try this. Have someone stand near by with an empty small tin can. You approach puppy. If it growls, your "aide" throws the tin can. You say "no." No need to hit the puppy, just come close. It will be surprised and shocked.

Now say "okay" and encourage the pup to eat again. Repeat until it learns what caused the can to be thrown.

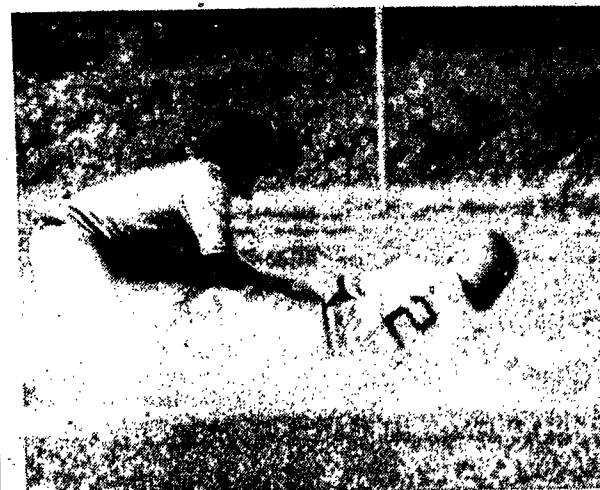

About rough play. If puppy gets angry and wants to growl or bite, lift it by the scruff of the neck, scold it, then put it down, and encourage it to play again. Repeat until it understands how far it can go in rough housing.

A conservative million dog bites a year could be prevented if owners will teach these simple lessons. And perhaps half a million dogs would escape death at the dog pound.

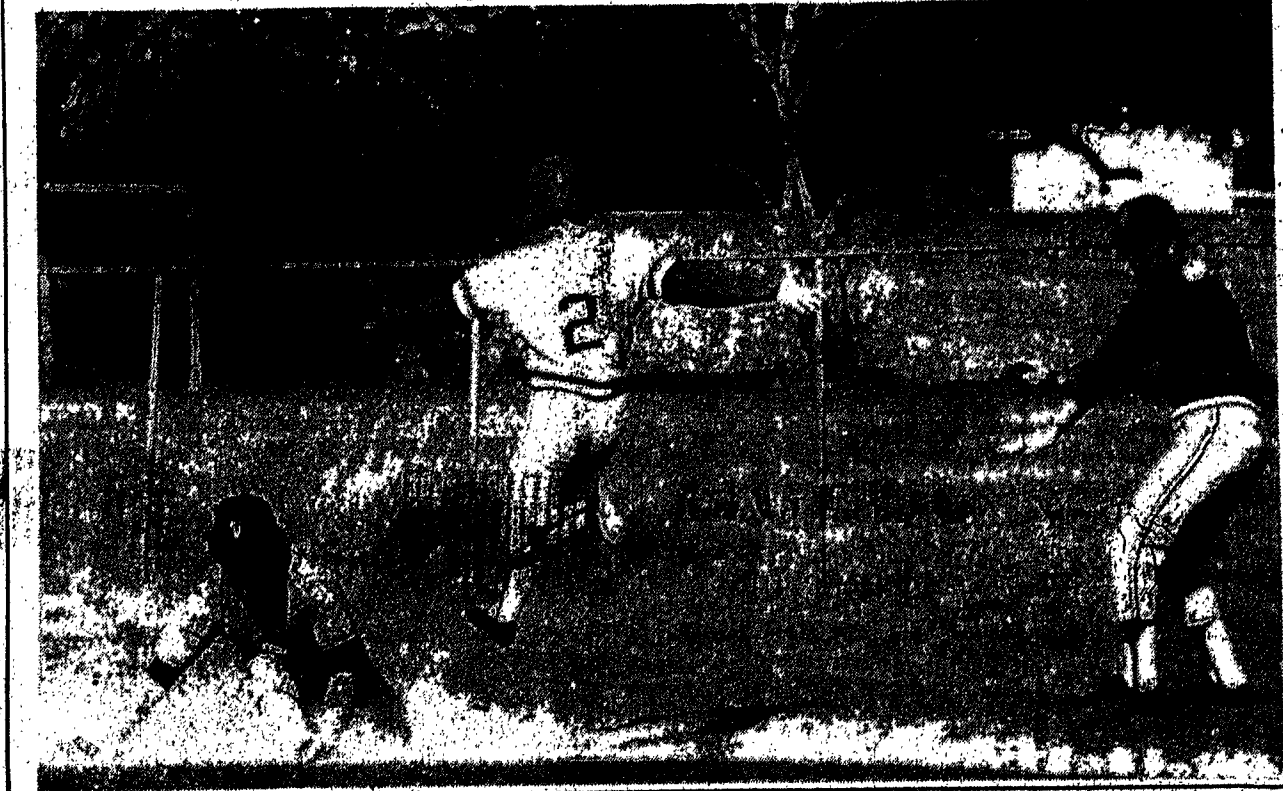

#### Canine Quiz

Quick question from the Gaines Dog Research Center: What pet outnumbered the dog by a two-to-one margin in American homes?

Answer: The goldfish. It's estimated that there are more than 60 million now living in American homes, making them the country's most popular pet.

**SAFE!**—Brian Logan, number 2 of the Hawks, had a field day Friday afternoon in the St. Stanislaus-Vanceville baseball game, stealing two bases and scoring one run. In the top photo Logan safely swipes second base as the baseball gets away from the second baseman and bounces above Logan's helmet. Logan reaches first on an error in the bottom photo as the ball appears to hit first base coach, Bro. Anton in the shoulder. The Rock-A-Chaws won the high school contest before the home folks, 7-2. (Staff photo-Randy Ponder)

#### Bay Sr. High

## TIGERS

### Bay High falls to East Central, 8-7

Mark Breland slugged a three run homer and collected five RBIs all in a losing effort as the East Central Hornets trounced the Tigers in a PRC contest Friday night in Hurley.

Bay High out hit the Hornets 15-9 but three home runs by East Central proved to be too much for the Tigers as they fell to 3-4 for the season and 0-2 in conference play.

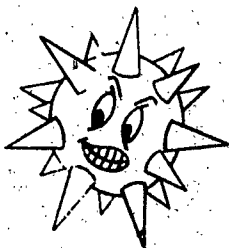

Vanceville will visit the Tigers Monday night at 7pm for another important conference matchup.

## Rock-A-Chaws

### Rocks whip Vanceville, 7-2

St. Stanislaus snapped a three game losing streak with a 7-2 cakewalk over the visiting Vanceville Bulldogs Friday afternoon in Bay St. Louis.

Andrew Haas earned his third win against one defeat by going the distance, striking out six batters and walking four.

Catcher Joe Gex collected two hits and two RBIs to lead the Rocks in that department. Haas also had two runs batted in.

In the sixth, Vanceville had runners on second and third with no outs, but excellent defensive play by the Rock-A-Chaws prevented any runs from scoring.

Steve Favre and Bruce Cabell drove in one run each as the Rocks improved their record to 5-3.

St. Stanislaus will take on the d'Iberville Warriors Tuesday afternoon at 3:45pm in Bay St. Louis.

## Hancock North Central Hawks

### Hawks surprise d'Iberville, 3-1

Hancock North Central scored two runs in the fourth inning to break a 1-1 tie and held on to upend d'Iberville, 3-1, Thursday afternoon at the Warriors home park.

Gerald Ladner picked up the win and also belted a solo home run.

The Hawks will visit Pass Christian at 3:30pm Monday afternoon.

## Afternoon ceremony unites Thomas, Bourgeois

Loretta Kay Bourgeois became the bride of Frederick Mark Thomas in a 4 p.m. ceremony at the home of the bride on February 14.

The bride's parents are Mr. and Mrs. Richard H. Bourgeois of Waveland. Parents of the groom are Mr. and Mrs. A.J. (Bud) Thomas, also of Waveland.

Rev. Walter C. Damiens Jr., of Waveland, officiated at the double ring ceremony.

The bridal kneeler was adorned with ivy and ribbon and was flanked by gothic

candelabra. Vocalists were Walter Damiens Jr., Janet Glass of Kiln and Kathy Glass of Kiln.

Given in marriage by her father, the bride wore a formal gown of white organza fashioned with an empire bodice, sheer bishop sleeves and Queen Anne neckline accented with Chantilly lace and seed pearls. The full skirt

was enhanced by panels of Chantilly lace and swept to a chapel length train. Her bridal picture hat was accented with Chantilly lace and seed pearls and a pout of net

illusion with ribbon streamers at the back.

She carried a free style bouquet of white silk roses, miniature carnations, bell flowers, lily of the valley and baby's breath.

Catherine J. Reeves of Lucedale attended the bride as maid of honor.

She wore an aqua blue floral gown designed with portrait neckline and a matching blue picture hat. She carried a lighted candle arrangement of silk flowers in a white wrought iron candle holder with blue ribbon

streamers. Forrest Stevens of New Orleans served the groom as best man.

Ricky H. Bourgeois of Waveland, brother of the bride, was usher.

Following the ceremony, a reception was held at the American Legion home in Waveland.

The bride's mother chose for the occasion a formal gown of copen blue, fashioned with fitted bodice, long sleeves and trimmed with blue venise lace. She wore a white vanda orchid corsage.

The mother of the groom was attired in a peach suit with floral print blouse. A white orchid corsage completed her ensemble.

The bride's table held a four tiered wedding cake decorated with pale blue roses. Candle arrangements of white cushion poms, blue carnations and fern flanked the cake on either side.

Miss Melissa Damiens of Waveland, cousin of the bride, attended the guest register.

On return from a honeymoon trip to Orlando, Fla., the couple will reside in Pass Christian.

MR. AND MRS. FREDERICK MARK THOMAS

(Photo by Jimmy Loiacano)

## Dried flower gift ideas offered to PCGC

"Just snip some flowers from the bride's bouquet, dry and frame them with a velvet background, and you have a most unique gift for a couple's first wedding anniversary," Mrs. Grace Finley said, speaking before the Pass Christian Garden Club on March 5.

In her talk on dried flower

stationery entitled "Letting Nature Keep You in Touch," Mrs. Finley, president of Diamondhead Garden Club, demonstrated how Pass Garden Club members could create their own special note paper, gift cards or enclosure cards for special occasions like Christmas, Valentine's Day, or Mardi Gras

"First the flowers are dried for a period of 10 to 14 days depending upon the size of the flower. Next a mixture of half water and half glue is brushed onto a piece of note paper."

With a pair of tweezers, she continued, the flowers are gently arranged on the puddle of glue and water mixture. Then take a piece of

white tissue, separate it, and stretch it over the flower."

"The final step is to saturate the top of the tissue with the glue mixture, lightly sprinkle a little bit of white glitter on it, and then put it aside to dry over night," said Mrs. Finley.

"However, if you are in a hurry," she added, "you can dry the stationery faster by

placing it in the oven. Once the note paper is dry, put it between two pieces of wax paper, iron it, fold it in half and trim it, and there you are, you have a note saying 'Letting Nature Keep You in Touch,' she concluded.

Hostesses for the meeting were Mrs. Roland Martin and Mrs. Michel Eubanks.

JOHN STEPHEN SCIANNA JR.—Son of Mr. and Mrs. Stephen Scianna Sr. of Pearland, Tex., celebrated his third birthday February 1 with a party at McDonalds. Guests included Nicholas Pearson; Jason and Tanya Pustejovsky; Clare Brandon; Melissa and John Kinder; Mr. and Mrs. Chuck Scianna and daughters Ashley and Stephanie; and Mrs. Nita Curry. Maternal grandparents are Mr. and Mrs. Frank Langenbacker of Waveland. Paternal grandparents are Mr. and Mrs. Charles Scianna Sr. of Bay St. Louis.

## Bennett, Favre receive VFW Safety, Americanism awards

The Theodore S. Price Ladies Auxiliary 3253, to the Veterans of Foreign Wars held their regular monthly meeting Wednesday in the Gulf National Bank Civic Room with President Lucille Boudreaux presiding.

Special guests were Bay St. Louis Mayor Larry J. Bennett, senior vice-commander Harris Boudreaux of Post 3253 and retired police officer Alvin Favre.

Favre was the recipient of the Veterans of Foreign Wars Safety Award for law en-

forcement officers. The presentation was made by auxiliary president, Mrs. Boudreaux; senior vice-post commander, Harris Boudreaux; and mayor Bennett, representing the city of Bay St. Louis.

The award read as follows: "This certificate of appreciation to Alvin Favre, Bay St. Louis Police Department, in grateful recognition of everlasting adherence to highest ideals of law enforcement maintaining, preserving and protecting the

lawful lives of citizens.

In witness hereof we have set our hand and seal of the Veterans of Foreign Wars of the United States of America this first day of February, 1981." Signed Bobby Carver, commander; Lucille Boudreaux, auxiliary president.

Mayor Bennett was presented a VFW Americanism Award by Harris and Lucille Boudreaux. The special guests were

presented by Gladys Niglizzo, flag bearer; Hazel Wohlschlegel, guard; and Genevieve Cole, conductress.

Assisting Favre in receiving the award were his wife and daughters, Elizabeth Favre; Mrs. Beverly Lee and Mrs. Sue Powell.

Senior vice-commander Boudreaux recited the Pledge of Allegiance and the group sang "God Bless America". Dena Curvey reported on the Cancer Fund Drive and

asked the cooperation of all members in support of this project.

An Americanism program was slated for May. Mrs. Boudreaux, Ursula Favre, Genevieve Cole and Harris Boudreaux attended the Gulf Coast visit of National VFW auxiliary president Jeannette Frank. The event has hosted by national poppy chairman Jean Woodward and department president Pat Blakenley. President Boudreaux ap-

pointed Evelyn Burns and Joyce Bermond "Ways and Means" chairmen.

The Junior girl unit will be in charge of a Poppy Sale scheduled for May.

Dena Curvey explained to the group President Reagan's proposed cuts in veteran's benefits and social security. Joyce Bermond, Genevieve Cole, Marie Maki, Helen Biehl and Myra Biehl served on the nominating committee. The election of officers will be held in May.

DIAMONDHEAD GARDEN SELECTION—The home of Charles and Christine Stewart at 56105 Diamondhead Drive East in Diamondhead has been chosen as garden of the month for March by the Diamondhead Garden Club. The house features marigolds, purple and green decorative cabbage, ferns and geraniums planted throughout the yard. (Staff photo by Brent Macey)

## Beta Sigma Phi to celebrate 50th anniversary

Alpha Omicron Chapter of Beta Sigma Phi met March 9 in the Bay St. Louis home of Becky Arrowood, president.

Beta Sigma Phi, a cultural and service organization, was founded April 30, 1931 by Walter Ross in Abilene, Kan.

The sorority will celebrate its fiftieth anniversary on April 30. This year the Founder's Day Banquet will be held April 25 in Gulfport. Plans were discussed for a cut-a-thon to be held in mid-April at Snippers II in Bay St. Louis.

New officers were elected for 1981-82. Elected were Yvonne Sills, president; Rhea Scafield, vice-president; Mary Betz, treasurer; Tricia Deffes, recording secretary and Helen Mallini, corresponding secretary. Timothy Andrew Puckett

was a guest at the meeting. The next meeting will be held March 23 in the Bay St. Louis home of Becky Arrowood.

A pledge ritual of jewels will be held for Yvonne Sills and Mary Betz.

## Welcome Wagon installs officers

Officers of the Hancock County Welcome Wagon Club were installed March 12 in a candlelight ceremony at the Sirlin Stockade in Waveland. They include Marj Dobson, president; Peggy Groves, first vice president; Ann Whitworth, second vice president; Briery Acker, secretary; and Florence Caracci, treasurer. Committee chairmen clude

Kim McCaslin, publicity and historian and Nathalie Miller, membership.

Outgoing president McCaslin and Margery Darling, who is retiring as Welcome Wagon hostess were honored for service to the club.

Clytee Mayfield won the door prize. Membership is open to any person who has moved to Hancock County in the past

three years. Meetings are held on the second Thursday of each

month at 10 a.m. in the Gulf National Bank Civic Room, US-90, Bay St. Louis.

## Spikes to celebrate 60th anniversary

Mr. and Mrs. M.R. (Buddy) Spikes Sr. will celebrate their sixtieth wedding anniversary, Sunday, April 5 from 2-5 p.m. at the VFW Hall, 2518 23rd Avenue in Gulfport.

Mrs. Spikes is the former Nora Carver from Bay St. Louis.

Friends and relatives are invited to attend.

## Jackson to host Golden Jubilee Home and Garden Show

Mississippians again have the opportunity to attend the Golden Jubilee Home and Garden Show sponsored by the Jackson Council of Garden Clubs.

The 1981 show salutes the fiftieth anniversary of the Jackson Council.

The show will begin at noon on Friday, March 27 and continue 9 a.m.-9 p.m. Saturday, March 28; closing

Sunday, March 29, with hours from noon to 6 p.m.

The show, largest of its kind in the Deep South, will be held at the Mississippi Trade Mart Building in the State Fairgrounds.

Door prizes will be awarded every two hours throughout the show. Admission is \$2. Showing at the show is a fascinating way to explore the city of Jackson. A gallery of

shops in the marketplace features 140 booths where individual shopkeepers wait to welcome you with new ideas in arts and crafts and offer a large selection of items for your home, garden or office.

A designers showcase featuring will feature the latest in home furnishings and interior design as interpreted by Jackson metropolitan area designers.

A new attraction for the show will be seminars which will be held in the convention rooms off the main floor of the Trade Mart Building.

These seminars provide continuous information regarding travel, plants, flowers, antiques, cooking, chinaware, etc., and are free to the public.

The Larry McCool antique show will host over forty-five

antique dealers from across the nation.

A flower show depicting the past fifty years of council

work will be judged as interpreted by the twenty-seven garden clubs in the Jackson Council.

## Miss Mississippi to emcee Southern Rebel Pageant

The second annual Miss Southern Rebel Scholarship Pageant and Talent Show will be held on May 9 at Picayune High School on Goodyear Boulevard in Picayune.

Miss Mississippi, Donna Pope, will emcee the event. There are ten age divisions from Baby Southern Rebel

through Grandma Southern Rebel. Savings bonds, crowns, trophies, flowers, jewelry and a rocking chair for grandma will be awarded.

For entry forms or more information, phone (601) 798-2272.

Horticulture will also be exhibited and judged by a nationally accredited panel of judges.

For entry forms or more information, phone (601) 798-2272.

## Antiques viewed by Coast DAR

"Love of Our Heritage" was the program topic of the Gulf Coast Chapter, Mississippi Society Daughters of the American Revolution March 11 meeting held at the home of Mrs. Ronald Smith, Gulfport.

Mrs. Nunez Pilet served as co-hostess. Members of the chapter aided Mrs. Hunter Kimbrough with the presentation of antiques and treasures from the past.

A powder horn belonging to Mrs. Nolan Barrios dates back to 1806, as well as silver back to the 1700s belonging to several members. Tin-types of ancestors and documents with signatures of well known patriots were shown.

An antique ornamental comp belonging to Mrs. James Coker dates back to the early 1800.

Mrs. Hunter Kimbrough and Mrs. Thomas Dye are related

to two of the five women who were organizers of the National Society DAR. Mrs. Kimbrough showed insignia and medals belonging to Mrs. Roger Pryor, her DAR ancestor.

Reports of State Conference were made and state awards announced: Gold Award; Dist. V-second place, Mrs. Karen Herbert; Outstanding American History Teacher Competition; Certificate of

Recognition-Pouch Memorial Fund; Honorable Mention-American History Essay Contest-8th grade-Miss Glenda Young of Coast Episcopal High School.

The next meeting will be on April 8 at the home of Mrs. Harold Noll, 135 Woodglenn, Gulfport with Mrs. Walter Bristow presenting the program "Love for Our Forefathers."

## Scianna feted at baby shower

Mrs. Debra Scianna was guest of honor at a baby shower brunch on January 31. Hostess for the event was Mrs. Lili Rushing of Nassau Bay, Tex.

Guests included Mrs. Pat Krumpal, Becky Alexander, Mrs. Nita Curry, Mrs. Jean

Lucas, Mrs. Tina Grover, Mrs. Kay Lucas, Janie Surface and Theresa Warden. Mrs. Scianna is the daughter of Mr. and Mrs. Frank Langenbacker of Waveland, and daughter-in-law of Mr. and Mrs. Charles Scianna Sr. of Bay St. Louis.

DONNA POPE

## Echoes

Miss Danita Scianna has returned from a visit with her brothers and sisters-in-law, Mr. and Mrs. Charles Scianna Jr. in Pasadena, Tex. and Mr. and Mrs. Stephen Scianna in Pearland, Tex.

## BIRTHS

### JEREMY RAY EDWARDS

Mr. and Mrs. Daniel Edwards of Bay St. Louis announce the birth of their second child and first son, Jeremy Ray, February 16, 1981 at 9:17 p.m. at Hancock General Hospital.

He weighed 8 pounds, 7 ounces.

Mrs. Edwards is the former Janine Dorn.

Maternal grandparents are Mr. and Mrs. Donald Dorn of Waveland.

Paternal grandparents are Mr. and Mrs. Elbert Edwards of Bay St. Louis.

### JONATHAN DAVID GALLAGHER

Mr. and Mrs. David Gallagher of Waveland announce the birth of their second child and first son, Jonathan David, February 8, 1981 at 5:03 p.m. at Hancock General Hospital.

He weighed 8 pounds.

Mrs. Gallagher is the former Christine Dorn.

Maternal grandparents are Mr. and Mrs. Donald Dorn of Waveland.

Paternal grandparents are Mr. and Mrs. John Gallagher, also of Waveland.

### COURTNEY ELIZABETH SCIANNA

Mr. and Mrs. John Stephen Scianna Sr. of Pearland, Tex. announce the birth of their second child and first daughter, Courtney Elizabeth, February 20, 1981 at Texas Women's Hospital.

She weighed 6 pounds, 9 ounces.

Mrs. Scianna is the former Debra Langenbacker.

Maternal grandparents are Mr. and Mrs. Frank J. Langenbacker Jr. of Waveland.

Mr. and Mrs. Charles Scianna Sr. of Bay St. Louis are paternal grandparents. Mrs. A. G. Favre, also of Bay St. Louis, is paternal great-grandmother.

### EMILY ANNE THOMPSON

Mr. and Mrs. Rodney Joseph Thompson of Bay St. Louis announce the birth of their second child and second daughter, Emily Anne, March 10, 1981 at Memorial Hospital in Gulfport.

Mrs. Thompson is the former Aimee Scafield. Maternal grandparents are Mr. and Mrs. Andrew Scafield of Bay St. Louis.

Paternal grandparents are Clayton Thompson of Bay St. Louis and Mrs. Betty Van Peski of California.

Maternal great-grandmothers are Mrs. Bernice Scafield of Bay St. Louis and Mrs. Elise Zimmer of Madison, Neb.

NEW YORK STRING QUARTET

## Gulfport performance set for quartet

The New York String Quartet, credited to be one of the best American ensembles will perform Sunday, March 19 at 4 p.m. in Westminster Presbyterian Church at 5005 Lawson, Avenue in Gulfport.

The group is quarter-in-

residence at the School of Fine Arts of the University of California, formed at the Juilliard School in 1976 where it received chamber music training from Robert Mann of the Juilliard String Quartet.

Since its debut in 1976 at

Aspen Music Festival, the ensemble has performed at Lincoln Center, Carnegie Recital Hall, and many other halls and college campuses across the country.

Composed of two violins, viola, and cello the ensemble will include quartets from

Hayden, Schubert, and Bartok on the program," a Mississippi Gulf Coast Arts Council spokesman reports. The program is sponsored by the arts council and is supported in part by a grant from the Mississippi Arts Commission and the National

Endowment for the Arts in Washington, D.C., the spokesman explains.

Admission is free to members of the Arts Council. Tickets are available for non-members at \$4 for adults and \$2 for students in high school.

## Baptist women meeting this week in Jackson

Mississippi Woman's Missionary Union will convene its annual meeting Monday at 7 p.m. in the sanctuary of Parkway Baptist Church, Jackson, and conclude at noon Wednesday.

John and Kathy McNair, missionaries to Spain, will direct the congregational music and will provide special music for each session.

Mr. and Mrs. McNair, natives of Magee and Poplarville, respectively, were appointed by the Foreign Mission Board in 1974 and served in India until their transfer to Spain in 1976.

They are stationed in Madrid, where he is professor of medicine at the Medical center of Madrid's Autonomous University.

She is involved in a music ministry along with her responsibilities as home and church worker and seminary piano teacher.

Keynote speaker will be James H. Smith, executive director, Brotherhood Commission, SBC. He is a native of Alabama and came to the commission from the position of executive

secretary of the Illinois Baptist State Association, a position he had held since 1967.

June Whitlow, assistant to the executive director of WMU, SBC, Birmingham, will be a featured speaker.

She directs research and planning for WMU, coming to her present position from her place as education division director during the years 1969 until 1974.

Miss Whitlow is a native of Arkansas, is a graduate of Blue Mountain, and served in the state WMU staff in Georgia before going to Birmingham.

Each session will include Bible Study by Evangelist

James Fancher on topics dealing with discovering and using spiritual gifts. He will assume duties as pastor of First Baptist Church, Coffeeville, on May 10.

Other special activities during the convention include the BYW banquet Monday at 5:30 p.m. at Parkway Baptist church, luncheon for parents of Mississippi missionaries, and an autograph party for Marjorie Rowden Kelly, author of the new WMU book, *The Gifted Woman*.

Mrs. Robert Dent of Holly Springs will preside. Marjean Patterson is executive director of Mississippi Woman's Missionary Union.

## Methodists plan Lenten Fair today

Have you ever wondered why pretzels are associated with Lent? Tasted a Seder meal? Smelled the goodness of hot cross buns? Come, then, to the Lenten Fair.

The Lenten Fair begins today at 9:30 a.m. and is sponsored by the Sunday School of Main Street United Methodist Church in Bay St. Louis.

The Fair is a learning experience given to hearing, seeing, tasting, and doing, all in an attempt to learn of the customs and traditions of the Lenten season.

There will be something for

all ages. Children can hear stories of the season, dye eggs, and plant "new life seeds."

Youth and adults can explore the meanings of the Passover meal, the symbols of Lent, and the events of Holy Week. All will taste pancakes, popcorn, pretzels, and hot cross buns.

The finale will see all fairgoers gather in the Fellowship Hall to mark their Lenten journey on a large wall mural and to join in a time of praise.

The community is cordially invited to share in this Lenten Fair. There is no charge for this learning experience.

## Meat and Potato Pie

There's a hint of old England in a dish of tender meat and potatoes, topped with a light, flaky crust.

When winter's crisp cold knocks at your door it's a southern custom to get out the rolling pin and create a meal-in-a-pie.

Our "Meat and Potato Pie" combines saucy onion with a ground beef and potato filling. This hearty meal skimps on nothing except cost, to help you keep your food budget in balance.

Not only is "Meat and Potato Pie" easy on the pocketbook, it's also easy on the cook! Preparation is simple and quick. You may even want to make a couple and freeze the extras for a quick supper next week. Just remember—allow 20 to 30 minutes extra for pies to bake when they go straight from the freezer to the oven.

Enriched self-rising flour also helps make this pie a success. No other flour makes a crust hearty enough for meat, yet light and flaky.

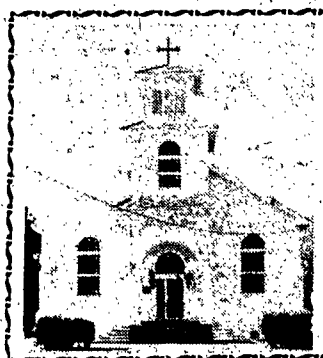

**MEAT AND POTATO PIE**  
(one 9-inch pie)

2 cups enriched self-rising flour\*  
½ cup shortening  
4 to 8 tablespoons cold water  
1 pound ground beef  
½ cup water  
1 envelope dry onion soup mix

½ teaspoon allspice  
¼ teaspoon pepper  
1 package (12 oz.) frozen, shredded hash brown potatoes, defrosted  
Catsup optional

Cut shortening into flour until pieces are the size of small peas. Sprinkle with cold water a tablespoon at a time, mixing lightly until dough begins to stick together. Press into ¾ ball; divide in half. Roll one portion on lightly floured surface into 10-inch circle. Place in 9-inch pan. Combine meat, ½ cup water, onion soup mix, allspice and pepper, pack lightly into pie shell. Layer potatoes on top. Roll out remaining dough. Arrange pastry on top of filling, seal and flute edges. Cut design on top of pastry. Bake in preheated 350° oven about 1 hour, or until lightly browned. Serve with warmed catsup.

\*Spoon flour into dry measuring cup; level. Do not scoop.

## St. Rose de Lima Parish News

The Veterans Civic Association will meet Monday at 7:30 p.m. in the cafeteria.

Thursday, 7 p.m., the Concerned Citizens will meet in the cafeteria.

The Altar Boys will go to New Orleans to see the New York Yankees vs. Pittsburgh Pirates in the Superdome. The bus will leave at 5 p.m. Tickets, \$4.

Father Keller and zone captain Ethel Weaver wish to give a big thanks to those who worked so hard to make the second weekend of our tournament the success it was.

These people were Sister Bernice and the Jeune Filles Charmantes Club (Sharon Alexander, Joanne Farve, Leslie Lizana, Yvette Hazeur, Gigi Raboteau, Wendy Tillman and Thallene Walker), Jean Dorsey, Kim Bradley, Mel Raboteau, Rose

Raboteau, Howard Weaver, Ricky Weaver, Gerry Lang, Sheila Lang, Rosetta Warren, Maurice Singleton, Mae Hazeur, Lisa Bradley, Lionel Bradley Sr., Betty Lizana, Marty Lizana, Cindy Lizana, Donna Lizana.

Marguerite Bennett, Gerry Bradley, Mae Farve, Marilyn Williams, Joan Mitchum, Altra Mae Saucier, Marie Mercadel, Maurice Mercadel, Alvina Nichols, Doris Williams, Robert Weaver Sr., Yolande Bradley, Lucy Hazeur and Manuelita Curry. The tournament continues for two more weekends at Saint Augustine Seminary Gym. Games begin Fridays at 6:30 p.m.; Saturdays and Sundays at 11 a.m.

**MASS SCHEDULE**  
Daily, 6:30 a.m.  
Saturday, 6 p.m.  
Sunday 7 and 9 a.m. and 6 p.m.  
Wednesday during Lent, 7:30 p.m.

**NEW OFFICERS**—Newly elected officers of the Bay St. Louis Municipal Separate School District Board of Trustees congratulating each other recently are Secretary Betty Diboll, left, and Board President Walter Turcotte, both of Waveland. Turcotte was also recently re-elected to another six year school district trustee term. (Staff photo by Wayne Ducomb Jr.)

## DRUG QUIZ

by Curt Scarborough, Ph.D.

**QUESTION**—How many youngsters in the United States are children of alcoholics?

- a) 1 million
- b) 5 million
- c) 10 million
- d) 20 million

**ANSWER**—According to Robert Ackerman, prominent sociologist and author of the book, *Children of Alcoholics*, "There are an estimated 27 million children of alcoholics in the United States, of which approximately 20 million are in their pre-adolescent or

adolescent years." Based on the belief that 50 percent of children of alcoholics become alcoholics themselves, this means there are about 10 million more alcoholics coming down the road. This forecast becomes even darker when coupled with the facts that children of alcoholics who themselves become alcoholic usually do so in their late 20's and early 30's, and that 60 percent of child abuse cases involve excessive drinking.

Christian Action Commission, P.O. Box 530, Jackson, MS 39205.

# The \$5,000 Loophole.

Now there's a way for the small investor to start earning the big rates. Introducing the Six Month Loophole Account at Security Savings.

Security Savings' New Six Month Loophole Account allows the investor with as little as \$5,000, access to the high yield money markets, the ones it used to take \$10,000 to get into. There are details, of course. But we'll be happy to explain them to you simply, yet thoroughly.

All you have to do is stop by one of our Security Savings offices in Gulfport, Jackson or Bay St. Louis. Or if you live close by, give us a call and one of our savings officers will come and talk to you in person.

If you've always wanted to get high yield interest rates, but haven't had the big bucks it takes to get into the game, consider the New Six Month Loophole Account at Security Savings.

We're the first to offer it and it's another reason...there's Security in your future.

MY TURN NEXT—Bay St. Louis firefighter Arthur Farve gives children from the Methodist Children Center a few pointers on how to handle a fire during their recent visit to the station on Old Spanish Trail. Waiting their turn are, from left, Ross Pitcairn, Andrea Bordages, Alan Uram, Jennifer Carver, Amber

Marsh, Joanne Riette, Pat Burke, Jessica Santinelli, Forrest Bourgeois, Scott Emmel, Paige Ryan, Terrin Wilks, Robert Fisher. Lieutenant Alfonse Sheppard, rear, helps in the demonstration. (Staff photo by Brent Macey)

HELPING HAND—Robert Fisher from the Methodist Children Center gets helped down from a fire engine by Bay St. Louis Fire Department Chief Andrew Lizana, top, and Lieutenant Alfonse Sheppard. Children from the center visited the fire station recently as part of a field trip. Director Wendy Rupp of the Center said the trip was "one of the nicest field trips the children have taken." Members of the fire department gave the children a tour of the station and trucks, let them wear fire hats and operate the hoses. (Staff photo by Brent Macey)

## USM sets Awards Day dates

"Awards Day" at University of Southern Mississippi in Hattiesburg this year will be April 14 at 10 a.m.

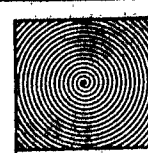

"Awards Day, when outstanding students are recognized for their scholarship, leadership and other contribution, will be conducted in the Performing Arts Center due to renovation of the Bennett Auditorium," a university spokesman reports.

"Parking space will be available at the Reed Green Coliseum and vans will ferry people to the center. A luncheon on the R.C. Cook Union Plaza will follow the awards ceremony," the spokesman notes.

"Over 500 students were honored in last year's ceremony," the spokesman adds.

"Army and Air Force ROTC Detachments will conduct their awards ceremony at 4 p.m. in the center," the spokesman notes.

## Gulf Coast college bulletin available

The new edition of the University of Southern Mississippi Regional Campus Bulletin is now available, according to USM-Gulf Park officials in Long Beach.

The publication is especially designed to provide detailed information about USM center, degree programs and academic activities on the Gulf Coast.

"We have made one change that will be of tremendous benefit to people attending or planning to attend USM here on the Coast, and that is the addition of the Two-Plus-Two program guides for all degree programs available on the Coast," Louis Elias, director of student services, said.

Two-Plus-Two is the coordinated program between USM and the Mississippi Gulf Coast Junior College, providing for four years of college work on the Gulf Coast, so that people can obtain their college degree in many areas without leaving the Coast to attend classes.

Program guides included in the Bulletin are pages divided into four sections, one for each year of the degree program. Two of the sections contain the junior college courses needed for the particular degree and the others list USM courses.

In addition to program guides, the Bulletin has all necessary information for enrolling, plus individuals to contact for information about degree programs.

A Bulletin will be mailed if an individual calls 844-6333 in Harrison County, or 467-3636 in Jackson County. They may be picked up at any USM office on the coast, USM-Gulf Park in Long Beach, the USM-Keesler Office in The Sablich Center and USM-Jackson County at the Jackson County Campus of the MGCJC.

Deimos, one of the moons of Mars, rises and sets twice a day.

## Give Your GRASS A Chance To GROW!

Rent a dethatcher from ABC Rental. Soft and spongy is great for carpets, but could mean trouble in your lawn. Thatch chokes off your grass and prevents air, water, and fertilizer from entering the soil. Our dethatcher removes the thatch and allows water and fertilizer to get down to the soil. Remember when you need it come to ABC Rental.

We Rent What You Need  
When You Need It!

Enter the  
**A&P/WALT DISNEY WORLD**  
**"Family Spree"**  
**Vacation Sweepstakes!**  
YOUR FAMILY COULD WIN AN ALL-EXPENSE-PAID WALT DISNEY WORLD VACATION FOR 4...

Each of these advertised items is required to be readily available for sale at or below the advertised price in each A&P Store, except as specifically noted in this ad.

SEA COAST ECHO--SUNDAY, MARCH 22, 1981-5B

## SWEEPSTAKES RULES

1. Clearly print your name and address on an entry blank or facsimile, and deposit it at any A&P store. Winners must be 18 years or older.
2. No purchase is required. Enter each time you visit an A&P store to present to win.
3. Limit one winner per family.
4. Sweepstakes begins March 1, 1981 and ends March 28, 1981.
5. Entries will be drawn from each store to qualify as semi-finalists for the top prize.
6. Winners will be chosen by a random drawing and notified by A&P not later than April 7, 1981. Employees of A&P, their advertising agencies and their immediate families are not eligible.
7. The trip prizes must be used Thursday, May 28 through Monday, June 1, 1981 ONLY. No cash alternatives or substitutes will be made for trip winners or any other prizes. Grand Prize winners will depart from the nearest city served by Eastern Airlines to Walt Disney World.
8. This contest is available at all A&P stores in the U.S.A. and Canada, EXCEPT Ohio, Howard County in Maryland; these Florida Counties: Bay, Brevard, Clay, Duval, Franklin, Leon, Marion, Orange, Osceola, Polk, St. John's, St. Lucie, Taylor and Volusia and elsewhere where prohibited by law.
9. The odds of winning depend on the number of entries submitted.
10. Participants may mail in their entry blanks to their nearest participating A&P store.
11. Winners in Canada must participate in a game of skill to qualify for the trip prizes.

Prices in this ad effective thru Wednesday, March 25, 1981.

## LEGAL NOTICES

### LEGAL NOTICE NOTICE OF PUBLICATION OF FINAL SETTLEMENT OF CONTRACT

Notice is hereby given that the Contract between the Board of Supervisors of Hancock County, Mississippi, on the one part, and Shaw Supply Company, Inc. on the other part, dated the 31st day of October, 1977, for the construction of State Aid Project No. SAP 23 (18) being a section of the Ansley-Lakeshore-Lower Bay Road in Hancock County, Mississippi, has been fully and completely performed and final settlement thereunder has been made.

This notice is given under Section 31-5-7, Mississippi Code of 1972, in pursuance of the authority conferred upon me by order of the Board of Supervisors of Hancock County, in Minute Book B-15, Page 370.

Dated this 16th day of March, 1981.
